PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Answered approximately **40-50 inbound helpdesk phone calls** per day, logging service calls into the CRM system and effectively capturing support issues.
- Triaged and prioritized an average of **60-70 service tickets weekly**, processing information to assign appropriate urgency and resolution paths.
- Resolved common customer issues including **new user setups, password resets, and email amendments**, providing remote support where necessary.
- Liaised with engineers, technicians, and third-party providers to ensure efficient resolution of technical tickets, maintaining clear communication channels.
- Maintained and updated **client databases and internal documentation** at all times, ensuring accuracy and accessibility of information.
- Adhered to **ISO27001 best practices** and compliance standards, ensuring company and client security and confidentiality.
- Supported the implementation of **new customer onboarding workflows**, assisting with the setup and configuration of IT solutions for new clients in the hospitality sector.
