PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed the **end-to-end incident response** for third-party partner IT issues, acting as the primary SPOC and fielding escalations within a **30-minute window**.
- Assessed and documented technology-specific performance and risks for **assigned third-party partners** within the quarterly **SPRI scorecard** process.
- Conducted **peak readiness scale testing** and due diligence for critical third-party infrastructure to ensure support for high-volume operational periods.
- Performed **change management and risk assessments** for third-party IT infrastructure modifications, enforcing change freezes during New Product Introduction phases.
- Monitored **WAN and network capacity** for partner-operated sites, reviewing **SD-WAN circuit utilization** and bandwidth trends to validate infrastructure readiness.
- Provided **IT infrastructure and network expertise** during the selection and onboarding of new third-party partners, defining readiness requirements and sign-off criteria.
- Developed **Python scripts** to automate data validation checks and generate operational reports for system configuration updates, reducing manual effort by **~40%**.

SKILLS

Infrastructure Readiness – Partner IT, Scalability, Resilience, Support, Peak Operational Periods, Due Diligence, Third-Party Systems Integration, Supply Chain Systems

Networking – WAN, Network Capacity Monitoring, SD-WAN, Bandwidth Trend Review

IT Operations – Incident Response, SPOC, Escalation Management, Change Management, Risk Assessment, Change Freeze Windows, NPI, Hypercare

Vendor Management – Third-Party Partner Management, Vendor Performance Scoring, SPRI Scorecard

Core Technologies – Python, SQL, Linux, Shell Scripting, AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Jira, Confluence

PROJECTS

Third-Party Infrastructure Readiness Assessment

- Developed a framework for assessing the readiness of third-party IT infrastructure, focusing on scalability and support capabilities for peak loads.
- Analyzed network capacity data, including **SD-WAN circuit utilization** and bandwidth trends, for multiple partner sites to identify potential bottlenecks.
- Contributed to the evaluation of new third-party partners by defining technical requirements and assessing their infrastructure against business needs.

Automated Partner Performance Reporting

- Created **Python scripts** to extract and aggregate data from various sources for partner performance monitoring.
- Designed and implemented automated data validation routines to ensure accuracy and completeness of partner operational metrics.
- Generated summary reports and visualizations to support the **SPRI scorecard** process, highlighting key performance indicators and areas for improvement.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
