PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Served as the primary point of contact for end-user IT support requests, logging approximately **50 incidents and service requests** weekly within the IT Service Management system.
- Executed initial troubleshooting for common **Microsoft Windows** and **Microsoft 365** application issues, resolving over **70%** of Level 1 tickets without escalation.
- Managed and updated user accounts, passwords, and **printer** configurations, ensuring timely resolution for **end-user** access and peripheral issues.
- Followed detailed **knowledge articles** and checklists to accurately diagnose and resolve technical problems for a diverse user base.
- Provided clear and concise **customer service** and technical guidance to end users, maintaining a positive and professional demeanor during all interactions.
- Assisted in the **imaging** and setup of new **Windows-based operating systems** for employee workstations, ensuring adherence to company standards.
- Analyzed system logs and conducted basic troubleshooting on **Linux** servers, contributing to the stability of production environments.

SKILLS

Operating Systems – Microsoft Windows, Linux

Productivity Suites – Microsoft 365, Outlook, Teams, OneDrive, Word, Excel

IT Support Tools – ITSM, Sysaid, Halo, Jira Service Management, ServiceNow

Networking & Infrastructure – User Accounts, Passwords, Printers, Peripherals, VPN, Wi-Fi, Network Troubleshooting

Methodologies & Processes – ITIL, Agile, Scrum, Change Management, Incident Management, Service Request Management

Programming & Scripting – Python, Shell Scripting

Databases – SQL, PostgreSQL, MySQL, Oracle

PROJECTS

Automated IT Support Ticket Triage System

- Developed a **Python** script to parse incoming IT support emails and automatically categorize them based on keywords, reducing manual triage time by **40%**.
- Integrated the script with a mock **ITSM ticketing system** API to create draft tickets, ensuring all critical information from the email was captured.
- Implemented basic natural language processing techniques to identify common issues like password resets and printer problems, aiming for **85%** accurate initial categorization.

End-User Troubleshooting Knowledge Base Enhancement

- Authored and refined **knowledge articles** for common **Microsoft Windows** and **Microsoft 365** issues, focusing on clear, step-by-step instructions for end-users.
- Collaborated with the operations team to review and validate troubleshooting steps for common peripherals and network connectivity problems.
- Contributed to a centralized repository that improved first-call resolution rates for the service desk by an estimated **15%**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
