## PROFESSIONAL EXPERIENCE — 3.5 YEARS

**Software Engineer — HCL Technologies, Chennai, India** Sep 2021 – Jan 2025

- Provided remote **IT support** to a diverse client base, resolving technical incidents and service requests against agreed service levels within a managed service provider environment.
- Diagnosed and resolved technical issues across **Windows 10/11** and **macOS devices**, including user accounts, business applications, and network connectivity problems.
- Managed **Microsoft 365 administration** and troubleshooting, including Exchange Online, Teams, SharePoint Online, and OneDrive for business users.
- Performed **Windows Server infrastructure support**, including Active Directory, Group Policy, DNS, and DHCP, ensuring system availability and performance.
- Utilized remote management and monitoring tools to conduct diagnostics, perform maintenance, and remediate issues across client environments.
- Documented support procedures and common troubleshooting steps, contributing to a team knowledge base and improving resolution efficiency for recurring problems.
- Provided **hands-on hardware troubleshooting**, installations, and replacements during infrequent, as-needed visits to a key client's Dublin office.

## SKILLS

**Operating Systems** – Windows 10, Windows 11, Windows Server, macOS, Linux

**Microsoft 365** – Exchange Online, Teams, SharePoint Online, OneDrive, Active Directory, Group Policy, DNS, DHCP

**Networking** – TCP/IP, Wi-Fi, VPNs, switches, firewalls, connectivity troubleshooting

**IT Support Tools** – Ticketing Systems, Remote Access Tools, RMM Platforms, Splunk, Dynatrace, Jira

**Hardware & Peripherals** – Endpoint deployment, troubleshooting, installations, replacements

**Security & Identity** – MFA, endpoint security, access management

## PROJECTS

### Enterprise Application Support & Automation (HCL Technologies)

- Managed production support for enterprise Java/.NET applications, including monitoring via **Splunk** and **Dynatrace**, and responding to P1/P2 incidents to maintain service levels.
- Developed **Python scripts** for automating ETL processes and scheduled reporting, improving data delivery timeliness for operational teams.
- Executed **SQL queries** and performed data validation across PostgreSQL and Oracle databases for system integrations and change management tasks.

### Client Onboarding & System Integration (HCL Technologies)

- Supported enterprise business systems and performed cross-system integrations using **REST APIs** and direct database connections between PostgreSQL and MySQL.
- Coordinated change control management for system configuration updates, including UAT support and post-go-live issue triage for interconnected platforms.
- Contributed to a financial-services operations dashboard, monitoring transaction flows and providing operational alerting for payment message issues.

## EDUCATION

**M.Sc. Data Analytics — National College of Ireland, Dublin** Feb 2026

**B.E. Computer Science — SNS College of Technology, Coimbatore, India** 2021

## CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
