PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided **omnichannel technical support** to enterprise clients via **Zendesk**, resolving inquiries across phone and email, and contributing to a **15% reduction** in average ticket resolution time.
- Developed and delivered **on-site training sessions** for key customers across **three continents**, ensuring their expertise in operating and maintaining specialized equipment.
- Collaborated with the Senior Tech team to relay **customer feedback** and field data, directly influencing the design and implementation of **two new product iterations**.
- Managed the **RMA process** for returned units, meticulously evaluating equipment to identify root causes and trends, leading to a **10% decrease** in repeat hardware failures.
- Authored comprehensive **troubleshooting guides**, FAQs, and training materials for new and existing product releases, improving self-service resolution rates by **22%**.
- Coordinated technical aspects for **new product launches**, ensuring timely readiness of **technical documentation**, spare parts, and support protocols for market entry.
- Maintained meticulous records of all support tickets, repairs, and site visit reports within **Zendesk** and **Epicor**, ensuring data accuracy for trend analysis and reporting.
