PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed the production environment for a **pharmaceutical client**, ensuring **data integrity** and compliance across site systems, responding to P1/P2 incidents within strict SLAs.
- Developed **Python scripts** to automate data validation and reporting for regulatory compliance, reducing manual processing time by approximately 30%.
- Performed **SQL queries** and data validation against PostgreSQL databases to support system audits and ensure accuracy of critical operational data.
- Contributed to the development of **Java Spring Boot** services for internal system integrations, focusing on bug fixes and feature enhancements.
- Containerized applications using **Docker** and managed deployments on **AWS EC2** instances, improving deployment consistency and environment setup time.
- Participated in **Agile/Scrum ceremonies**, including sprint planning and daily stand-ups, to track progress and ensure timely delivery of tasks.
- Analyzed system logs using **Splunk** and **Dynatrace** to identify root causes of production issues and implement corrective actions, maintaining operational stability.

SKILLS

Validation & Compliance – CSV, Data Integrity, Regulatory Compliance, Audit Trails, GDPR Awareness

Programming Languages – Java, Python, SQL

Frameworks & Libraries – Spring Boot, pandas, NumPy, scikit-learn

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git

Databases – PostgreSQL, MySQL, Oracle

Monitoring & Operations – Splunk, Dynatrace, P1/P2 Incident Response, SLA Management

Business & Analytics Tools – Power BI, Tableau, DAX, Power Query, R/RStudio

PROJECTS

Validation of ERP Integration Module

- Developed and executed validation protocols for a new ERP module integration, verifying data flow and system integrity across interconnected platforms.
- Wrote **Python scripts** to automate test data generation and validation checks, ensuring successful data migration and reconciliation with 98% accuracy.
- Documented all validation activities, test results, and deviations in compliance with pharmaceutical industry standards for regulatory submission.

Production Support Dashboard Enhancement

- Enhanced an existing **Java Spring Boot**-based production support dashboard by adding new monitoring widgets for critical system metrics.
- Implemented **SQL queries** to pull real-time operational data from PostgreSQL, displaying transaction volumes and error rates for key financial services.
- Collaborated with operations teams to gather requirements for dashboard improvements, directly addressing needs for enhanced visibility into system health.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
