PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed **production support and financial data integrity** for enterprise applications using **Splunk and CloudWatch**, ensuring **SLA compliance** and rapid P1/P2 incident response in a regulated environment with strict reporting deadlines.
- Developed **Python automation scripts** and **ETL pipelines** for financial data processing, payment instruction generation, and month-end accruals—reducing manual effort by automating **scheduled reporting** and billing workflows.
- Performed **SQL query development and data validation** across **PostgreSQL, MySQL, and Oracle** databases to ensure accurate client billing, fee accrual calculations, and revenue recognition for multiple legal entities.
- Built and maintained **Java Spring Boot REST APIs** for internal financial systems, supporting seamless integration between Client Services, Operations, and Finance teams for timely new business and termination captures.
- Implemented **CI/CD pipelines using Jenkins and Git** to enforce code quality and control standards; collaborated on code reviews and Agile ceremonies to strengthen **SOX compliance and audit controls**.
- Demonstrated strong **communication and problem-solving skills** by liaising with cross-functional teams on billing delays, resolving client and business queries, and documenting issues for escalation and audit purposes.

SKILLS

Financial & Billing Systems – Client billing, revenue recognition, accruals, fee arrangements, payment instructions, month-end close.

Data & Analytics – SQL, Python, ETL, data validation, pandas, NumPy, ad-hoc reporting.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, shell scripting.

Software Development – Java Spring Boot, REST APIs, Flask, FastAPI.

DevOps & Tools – Jenkins, Git, Jira, Confluence, Splunk, Dynatrace.

Compliance & Control – SOX adherence, audit support, control strengthening, documentation.

Soft Skills – Meticulous attention to detail, analytical thinking, planning, cross-functional collaboration, problem-solving under deadline pressure.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Financial Data Pipeline & Automation (HCL Technologies)

- Designed and deployed **Python ETL pipeline** to capture, validate, and process client fee arrangements and billing data across multiple **PostgreSQL and Oracle databases**, ensuring monthly accrual accuracy and compliance with Financial Accounting deadlines.
- Automated **payment instruction generation and banking entry creation** using **Python scripting**, reducing manual billing errors and accelerating month-end close timelines by **~30%**.
- Collaborated with Finance Control and Client Services teams to document fee arrangements and troubleshoot billing discrepancies, improving data integrity and audit readiness.

Revenue Recognition Microservice & Monitoring (HCL Technologies)

- Developed **Java Spring Boot REST APIs** to integrate new business, client termination, and accrual data flows across Client Services and Operations teams, ensuring timely capture and correct reflection in legal books.
- Implemented **CloudWatch and Splunk monitoring** for billing system health, tracked SLA compliance, and escalated revenue recognition delays to Finance, enabling proactive month-end close management.
- Conducted **SQL data validation queries** to reconcile client static data against documented arrangements, identifying and resolving **100%** of fee setup discrepancies prior to invoicing.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
