PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Supported **production operations** and **SLA management** for enterprise applications across **3.5 years**, responding to **P1/P2 incidents** with focus on reliability, uptime, and operational governance—directly aligned with QRO's need for operational integrity and control.
- Designed and executed **Python automation scripts** for data validation, ETL pipelines, and scheduled reporting; collaborated with cross-functional teams to standardize processes and improve operational efficiency by reducing manual overhead.
- Managed **SQL queries and schema validation** across **PostgreSQL, MySQL, Oracle** databases; ensured data accuracy and compliance through rigorous review and testing—core competencies for validating pricing structures and rebate logic.
- Partnered with multiple stakeholder teams (infrastructure, development, operations) on incident resolution and system improvements, demonstrating the communication and cross-functional collaboration skills required for Sales, Distributor, and Deal Desk partnerships.
- Reviewed and validated **CI/CD pipelines, code changes, and system configurations** using **Git, Jenkins**, and **Jira**; applied sound judgment to balance operational risk with business velocity—applicable to governance and control in complex pricing scenarios.
- Completed **MSc in Data Analytics** (Feb 2026) with emphasis on data validation, analytics workflows, and process improvement, strengthening capability to support AI tool adoption and provide operational feedback to QRO transformation initiatives.

SKILLS

Sales Operations & Quoting – Sales support, quoting operations, pricing governance, rebating logic, discount structures, MeetComp processes.

Data & Analytics – SQL, data validation, ETL, Python scripting, pandas, process analysis, reporting.

Systems & Tools – Jira, Git, Jenkins, CloudWatch, Splunk, Dynatrace, Linux.

Core Competencies – Attention to detail, process improvement, cross-functional collaboration, SLA management, incident response, governance.

Database Management – PostgreSQL, MySQL, Oracle, schema validation, ad-hoc query development.

Education – MSc Data Analytics (National College of Ireland), BE Computer Science (SNS College of Technology).

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Production Support & Reliability Engineering (HCL Technologies)

- Monitored and responded to **P1/P2 production incidents** across enterprise **Java/.NET applications** using **Splunk, CloudWatch, Dynatrace**; maintained **SLA targets** through rapid root cause analysis and structured remediation.
- Validated system configurations, application logs, and data integrity using **Linux shell scripting** and **SQL queries**; ensured compliance with operational controls and governance standards.
- Partnered with development, infrastructure, and business teams on incident communication and post-incident reviews; demonstrated reliability as a trusted operational partner in cross-functional problem-solving.

Data Pipeline Automation & Process Standardization (HCL Technologies)

- Engineered **Python automation scripts** for **ETL workflows, data validation, and scheduled reporting**; reduced manual processing overhead and improved data accuracy across multiple business domains.
- Collaborated with stakeholders to standardize data pipelines, document workflows, and establish repeatable processes; provided practical operational feedback to drive continuous improvement in efficiency and control.
- Validated data structures, tested pipeline outputs, and ensured compliance with data governance standards; demonstrated attention to detail and ability to manage complexity in multi-step operational workflows.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
