PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **production support and reliability engineering** for enterprise-scale Java/.NET applications across **AWS** (EC2, S3, Lambda, CloudWatch) and on-premises infrastructure, managing **SLA compliance** and resolving **P1/P2 incidents** with **Splunk, Dynatrace, CloudWatch** monitoring tools.
- Designed and implemented **Python automation scripts** for data pipelines, ETL workflows, and scheduled reporting, reducing manual operational overhead and improving data validation cycles for cross-functional teams.
- Optimized database performance and schema management across **PostgreSQL, MySQL, Oracle** using ad-hoc queries and data validation techniques; contributed to **15+ schema migrations** supporting service scalability.
- Developed and maintained **Java Spring Boot REST APIs** and microservices features; implemented **Docker containerization** for consistent deployment across environments and strengthened code quality through **Git branching, code reviews, and Jenkins CI/CD pipelines**.
- Automated infrastructure monitoring and system diagnostics using **Linux shell scripting, cron jobs, and log analysis**; created operational runbooks and troubleshooting guides to enhance team efficiency and knowledge sharing.
- Collaborated with Agile teams using **Jira, Confluence** for ticketing, defect tracking, and ceremony facilitation; communicated technical insights to stakeholders and contributed to continuous operational improvement initiatives.

SKILLS

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, shell scripting.

Programming & Automation – Python, Java, Spring Boot, REST APIs, Flask, FastAPI.

Data & Databases – SQL, PostgreSQL, MySQL, Oracle, pandas, NumPy, ETL.

DevOps & CI/CD – Jenkins, Git, Docker, CI/CD pipelines, code reviews.

Monitoring & Observability – Splunk, Dynatrace, CloudWatch, production support.

Tools & Collaboration – Jira, Confluence, Agile/Scrum, incident management.

Web Development – Angular, React, HTTP/REST protocols.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Reliability & Incident Response (HCL Technologies)

- Owned production support and on-call responsibilities for mission-critical **Java and .NET applications** serving global customers; managed incident resolution SLAs and coordinated with development teams to prevent recurrence.
- Deployed **Splunk and Dynatrace** monitoring queries and dashboards to surface system anomalies, performance degradation, and capacity trends; enabled proactive alerting and reduced mean-time-to-detection (MTTD) for critical issues.
- Authored operational runbooks and troubleshooting documentation; educated service teams on system architecture, failure modes, and best practices for high-availability cloud services.

Data Pipeline Automation & Infrastructure Optimization (HCL Technologies)

- Engineered **Python-based ETL and data pipeline scripts** to automate daily reporting, data validation, and schema reconciliation across multiple databases; reduced operational manual effort by **20+ hours per month**.
- Developed **Linux shell scripts and cron jobs** for automated system diagnostics, log aggregation, and environment health checks; integrated monitoring outputs with alerting systems for visibility into operational metrics.
- Containerized legacy applications using **Docker** and deployed via **Jenkins CI/CD pipelines** with **Git-based version control**; improved consistency across development, staging, and production environments and accelerated deployment cycles.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
