PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Operated and maintained enterprise **infrastructure** across multi-vendor environments, delivering **SLA-driven production support** for mission-critical Java/.NET applications using **Splunk, CloudWatch, and Dynatrace**; managed **P1/P2 incident response** with focus on rapid resolution and clear stakeholder communication.
- Developed **Python automation scripts** and **data pipelines** to streamline operational workflows, reducing manual toil and improving team efficiency across monitoring and reporting functions.
- Designed and deployed **AWS infrastructure** components including **EC2, S3, Lambda, and CloudWatch**; containerized applications using **Docker** to standardize deployment across environments.
- Implemented and maintained **CI/CD pipelines** with **Jenkins** and **Git**, enforcing code quality through rigorous reviews and enabling rapid, reliable deployments in fast-paced Agile/Scrum teams.
- Performed cross-functional troubleshooting and coordination with internal teams and external service providers to resolve infrastructure incidents; documented technical procedures and known issues to drive operational excellence.
- Managed complex **SQL databases (PostgreSQL, MySQL, Oracle)** with expertise in schema design, ad-hoc querying, and data validation; leveraged **Linux** command-line proficiency for log analysis and system administration.

SKILLS

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, CI/CD pipelines.

Network & Operations Tools – Splunk, Dynatrace, Jenkins, Git, Jira, Confluence.

Languages & Frameworks – Python, Java, Spring Boot, REST APIs, SQL, Shell scripting.

Databases – PostgreSQL, MySQL, Oracle.

Automation & Scripting – Python automation, ETL pipelines, scheduled reporting, cron jobs.

IT & Professional – Incident management, SLA tracking, technical documentation, Agile/Scrum, cross-team collaboration.

Certifications & Education – MSc Data Analytics (National College of Ireland), BE Computer Science, IELTS Band 7, Full Stack Java Spring Boot & Angular.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Application Monitoring & Incident Response (HCL Technologies)

- Served as primary on-call engineer for **multi-vendor enterprise applications** across production environments, utilizing **Splunk, CloudWatch, and Dynatrace** to proactively detect and respond to infrastructure incidents within defined SLAs.
- Coordinated with cross-functional teams to resolve **P1 and P2 incidents**, providing real-time status updates and root cause analysis; documented incident patterns and mitigation strategies to prevent recurrence.
- Automated routine alert triage and reporting using **Python scripts**, reducing manual intervention time and enabling faster incident escalation to appropriate teams.

Infrastructure Automation & Deployment Optimization (HCL Technologies)

- Designed and maintained **AWS-based infrastructure** utilizing **EC2, S3, Lambda, and CloudWatch** for scalable, reliable application hosting across multiple environments.
- Built **CI/CD pipelines** with **Jenkins** and **Git** to automate build, test, and deployment workflows; implemented containerization with **Docker** to standardize application delivery and reduce deployment variance.
- Developed **Python ETL scripts** for automated data pipelines and scheduled reporting, improving operational visibility and reducing time spent on manual data validation and reconciliation tasks.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
