

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed **production support and monitoring** of enterprise applications using **Splunk, CloudWatch, and Dynatrace**, ensuring **SLA compliance** and rapid P1/P2 incident response in mission-critical environments.
- Designed and implemented **Python-based data pipelines and ETL workflows** for automated reporting and data validation, supporting reliable data-driven decision-making across teams.
- Developed **SQL queries and schema optimizations** across **PostgreSQL, MySQL, and Oracle** databases, performing ad-hoc data analysis and validation to support project delivery.
- Built and maintained **REST APIs and microservices** using **Java Spring Boot**, delivering feature enhancements and bug fixes on existing services with code quality and Git-based version control.
- Orchestrated **CI/CD pipelines using Jenkins** and containerized applications with **Docker**, improving deployment reliability and reducing manual handoffs across development and operations teams.
- Demonstrated strong **organizational and communication skills** through Agile ceremonies, Jira ticketing, and technical documentation, coordinating cross-functional support for infrastructure reliability.

SKILLS

Data & Analytics – Python, SQL (PostgreSQL, MySQL, Oracle), pandas, NumPy, ETL, data pipelines, ad-hoc querying.

Backend & API Development – Java, Spring Boot, REST APIs, Flask, FastAPI.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, shell scripting.

DevOps & CI/CD – Jenkins, Git, code reviews, deployment automation.

Monitoring & Reliability – Splunk, Dynatrace, SLA management, incident response, log analysis.

Project & Team Management – Jira, Confluence, Agile/Scrum, stakeholder communication.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Monitoring & Incident Response (HCL Technologies)

- Established real-time monitoring dashboards using **Splunk and Dynatrace** for multi-tier Java/.NET applications, reducing mean time to detection (MTTD) and enabling rapid incident escalation.
- Led P1/P2 incident response and root cause analysis across production environments, coordinating with development and infrastructure teams to restore service within SLA targets.

- Performed systematic **log analysis and performance troubleshooting** using **Linux command-line tools**, identifying bottlenecks and validating fixes prior to deployment.

Automated Data Pipeline & Reporting System (HCL Technologies)

- Engineered **Python-based ETL workflows** using **pandas and NumPy** to process and validate large datasets, automating scheduled reporting and reducing manual effort by **40%**.
- Optimized **SQL queries** across multiple database platforms, improving data retrieval performance and supporting ad-hoc analytics for stakeholder reporting.
- Deployed pipelines on **AWS Lambda** with **Jenkins CI/CD automation**, ensuring reliable scheduled execution and seamless integration with existing infrastructure monitoring.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
