

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **production support and monitoring** for enterprise applications across **3.5 years**, managing **P1/P2 incidents** and SLA compliance using **Splunk, CloudWatch, and Dynatrace** — ensuring high-availability systems critical to business operations.
- Designed and implemented **Python-based data pipelines and ETL workflows** for automated reporting and statistical analysis, processing structured datasets from **PostgreSQL, MySQL, and Oracle** databases to support decision-making.
- Performed **SQL schema optimization and data validation** across multiple relational databases, executing ad-hoc queries and maintaining data integrity for enterprise Java and .NET applications serving hundreds of concurrent users.
- Developed **REST APIs and microservices** using **Java Spring Boot**, contributing to feature development and bug resolution in production environments while adhering to code review and **CI/CD best practices** via **Jenkins** and **Git**.
- Automated infrastructure tasks and system administration using **Linux shell scripting, cron jobs, and AWS services (EC2, S3, Lambda)**, reducing manual overhead and improving operational efficiency across distributed systems.
- Completed **MSc in Data Analytics** (National College of Ireland) while maintaining full-time employment, developing advanced competency in statistical methods, data visualization, and analytical problem-solving applicable to quality assurance and laboratory management.

SKILLS

Data Management & Analysis – SQL (PostgreSQL, MySQL, Oracle), Python, pandas, NumPy, data validation, ETL pipelines, statistical analysis.

Software Development – Java Spring Boot, REST APIs, Python (Flask, FastAPI), Git, code review, Agile/Scrum.

Infrastructure & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Linux, shell scripting, CI/CD pipelines.

Monitoring & Reliability – Splunk, Dynatrace, incident response, SLA management, production support, log analysis.

Professional & Regulatory – IELTS Band 7 (English proficiency), MSc Data Analytics, Bachelor of Engineering (Computer Science), quality assurance awareness.

Project Management & Collaboration – Jira, Confluence, defect tracking, technical documentation, cross-functional teamwork.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Application Monitoring & Incident Management (HCL Technologies)

- Established **real-time monitoring infrastructure** using **Splunk and Dynatrace** for production Java/.NET applications, enabling rapid detection and triage of **P1/P2 incidents** with **99%+ SLA compliance**.
- Authored **Python automation scripts** to correlate alert data, reduce manual investigation time by **30%**, and generate automated incident summaries for cross-functional teams.
- Collaborated with development and infrastructure teams to implement remediation strategies, maintain service reliability, and conduct root-cause analysis for recurring production issues.

Data Pipeline & Reporting Automation (HCL Technologies)

- Designed end-to-end **Python ETL pipeline** to extract, validate, and load data from **Oracle and PostgreSQL databases** into analytics-ready datasets, serving **15+ internal business users**.
- Implemented **scheduled reporting workflows** using **Python, SQL, and AWS Lambda**, automating daily statistical summaries and compliance reports previously requiring **8+ manual hours per week**.
- Ensured data accuracy and consistency through rigorous **SQL validation queries** and audit logging, supporting organizational decision-making and regulatory compliance requirements.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
