+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and optimized **Java Spring Boot** microservices and **REST APIs** for enterprise medical device applications; conducted unit and integration testing to validate functionality against design specifications and technical requirements
- Performed hands-on **lab bench testing and monitoring** of production systems using **Splunk, CloudWatch, and Dynatrace**; managed **P1/P2 incident response** to ensure **99.5% uptime SLA** and rapid issue resolution
- Developed **Python** automation scripts and **ETL data pipelines** for process optimization; created technical documentation, test reports, and **SQL** queries for data validation across **PostgreSQL, MySQL, and Oracle** databases
- Supported infrastructure and deployment activities using **AWS (EC2, S3, Lambda)**, **Docker containerization**, and **Jenkins CI/CD pipelines**; implemented Git branching strategies and code reviews to maintain quality standards
- Collaborated with cross-functional teams in Agile/Scrum environments using **Jira** and **Confluence**; trained peers on new processes, debugging methodologies, and automation frameworks
- Completed **MSc in Data Analytics** with expertise in statistical methods, process optimization, and technical documentation; proficient in **Linux** system administration, shell scripting, and log analysis for troubleshooting

SKILLS

Design & Engineering – Java Spring Boot, REST API development, technical documentation, engineering specifications.

Process Development & Testing – Python automation, ETL pipelines, lab bench testing, test method development, process optimization.

Database & Data Management – SQL (PostgreSQL, MySQL, Oracle), data validation, schema changes, pandas, NumPy.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, CI/CD pipelines.

Monitoring & Reliability – Splunk, Dynatrace, SLA management, incident response, production support.

Documentation & Collaboration – Work instructions, SOPs, technical reports, Jira, Confluence, Agile/Scrum.

Systems & Infrastructure – Linux, shell scripting, cron jobs, log analysis.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Java Application Reliability & Process Optimization (HCL Technologies)

- Designed and implemented **Python-based monitoring automation** to optimize production support workflows; reduced incident detection time by **40%** through enhanced **Splunk and CloudWatch** dashboards
- Developed comprehensive **technical documentation** and standard operating procedures for application deployment and troubleshooting; trained operations and quality teams on new processes
- Conducted hands-on **testing and validation** of Java Spring Boot microservices; executed **performance evaluations** and process optimization using statistical analysis to identify key bottlenecks

Data Pipeline & Process Development (HCL Technologies)

- Built **ETL data pipelines** using **Python, SQL, and AWS Lambda** to validate process inputs/outputs; created work instructions and technical reports for downstream operations teams
- Developed and executed **test methods** for data validation across **PostgreSQL and Oracle** databases; prepared specification documents and verification reports to support regulatory compliance
- Collaborated with quality and operations teams to document process parameters and design changes; supported deployment via **Jenkins CI/CD pipelines** and **Docker containerization**

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
