

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and maintained **high-performance Java Spring Boot** services and **REST APIs** for enterprise applications, ensuring code quality through peer reviews and adherence to design patterns relevant to gameplay and system architecture.
- Implemented **Python**-based automation scripts and data pipelines for ETL and scheduled reporting, demonstrating problem-solving and engineering discipline applicable to tool creation and backend systems.
- Managed production reliability through **Splunk, CloudWatch, and Dynatrace** monitoring with **P1/P2 incident response**, developing strong debugging and profiling instincts for identifying performance bottlenecks.
- Executed CI/CD workflows using **Jenkins pipelines and Git** in Agile/Scrum environments, ensuring smooth deployment cycles and collaboration across distributed teams—critical for AAA game development workflows.
- Worked with **AWS infrastructure (EC2, S3, Lambda)** and **Docker containerisation**, building experience in systems that scale and deploy reliably across multiple environments and platforms.
- Collaborated with cross-functional teams on Linux-based systems using shell scripting and log analysis, supporting adjacent workflows and troubleshooting complex integration issues in production.

SKILLS

Backend & Systems – Java, Spring Boot, REST APIs, Python, SQL (PostgreSQL, MySQL, Oracle).

DevOps & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux.

Monitoring & Debugging – Splunk, Dynatrace, CloudWatch, log analysis, profiling tools.

Data & Scripting – Python (pandas, NumPy, Flask, FastAPI), ETL pipelines, shell scripting.

Development Practices – Agile/Scrum, Jira, code reviews, CI/CD, source control.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Java Microservices Platform (HCL Technologies)

- Developed and bug-fixed **Spring Boot REST APIs** for core business logic, ensuring high code quality and maintainability standards required in complex systems.
- Performed **SQL schema design and optimization** across **PostgreSQL and Oracle** databases, writing efficient queries for data validation and operational reporting.

- Contributed to **Docker containerisation** and deployment pipelines, supporting smooth releases to **AWS EC2 and Lambda** environments in production.

Production Support & Reliability Engineering (HCL Technologies)

- Managed production monitoring using **Splunk, Dynatrace, and CloudWatch**, responding to P1/P2 incidents and implementing fixes—developing discipline in performance analysis and debugging techniques.
- Automated operational tasks with **Python scripting and shell scripts**, reducing manual overhead and improving system reliability through scheduled jobs and cron automation.
- Collaborated with platform and application teams in Agile ceremonies, ensuring seamless communication and rapid issue resolution in mission-critical enterprise systems.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
