

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Supported **production systems** and **data integrity** across enterprise applications using **Splunk**, **CloudWatch**, and **Dynatrace**; managed SLA compliance and responded to P1/P2 incidents with **rapid turnaround**
- Designed and maintained **SQL** queries and **data validation** processes across **PostgreSQL**, **MySQL**, and **Oracle** databases; executed schema changes and ad-hoc reporting to support business intelligence and audit requirements
- Developed **Python** automation scripts and **ETL pipelines** for data processing, reporting, and system integration; streamlined manual workflows using **pandas** and **NumPy**
- Built and enhanced **REST APIs** and microservices using **Java Spring Boot**; participated in code reviews and maintained code quality through **Git** version control and **Jenkins CI/CD** pipelines
- Collaborated with **Business Intelligence** teams to validate data models, support reporting requirements, and improve system reliability; documented processes and best practices for knowledge sharing
- Managed ticketing workflows in **Jira**, participated in **Agile/Scrum** ceremonies, and supported system documentation; demonstrated strong attention to detail in defect tracking and process improvements

SKILLS

Data & Analytics – SQL (PostgreSQL, MySQL, Oracle), Python, pandas, NumPy, data validation, ETL pipelines, reporting.

Business Systems & Analysis – data systems, process improvement, business intelligence collaboration, SLA management, Jira, Confluence.

Backend Development – Java Spring Boot, REST APIs, microservices.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, shell scripting.

DevOps & Version Control – Jenkins CI/CD, Git, code review practices.

Healthcare & Professional Development – MSc Data Analytics, attention to detail, analytical thinking, communication, collaborative teamwork.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Production Support & Monitoring Platform (HCL Technologies)

- Managed real-time monitoring of enterprise **Java/.NET applications** using **Splunk**, **CloudWatch**, and **Dynatrace**; identified and resolved performance issues to maintain **SLA compliance**

- Maintained master data configurations and system parameters; supported data accuracy and system reliability across multiple hospital and financial services sites
- Collaborated with cross-functional teams on incident response, root cause analysis, and process documentation; improved system troubleshooting and user support workflows

Data Pipeline & Billing Automation System (HCL Technologies)

- Developed **Python**-based **ETL pipelines** and automation scripts for billing data processing, charge capture validation, and scheduled reporting; reduced manual effort by automating recurring data workflows
- Designed and executed **SQL** queries across **PostgreSQL**, **MySQL**, and **Oracle** to validate billing configurations, insurance plan data, and service master records; ensured data integrity through audit processes
- Partnered with **Business Intelligence** teams to enhance data quality, improve reporting accuracy, and support system improvements; documented data validation procedures and created user guides for finance and billing teams

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
