## PROFESSIONAL EXPERIENCE

**SOFTWARE ENGINEER – HCL Technologies | Chennai, India**

**09/2021 – 01/2025 (3.5 Years)**

- Supported **enterprise Java and .NET applications** in production environments, managing **SLA compliance** and responding to **P1/P2 incidents** with **Splunk, CloudWatch, and Dynatrace**—directly relevant to EHR system monitoring and reliability during clinical go-live.
- Designed and executed **Python-based data pipelines and ETL workflows** for automated reporting and data validation across **PostgreSQL, MySQL, and Oracle** databases—applicable to EHR data integration and clinical reporting requirements.
- Developed **REST APIs and microservices** using **Java Spring Boot**, including schema design, testing, and deployment via **Jenkins CI/CD pipelines**—foundational skills for EHR application configuration and system integration.
- Automated operational tasks using **Linux shell scripting, cron jobs, and Python automation** to reduce manual effort and improve system reliability—supports EHR readiness activities and operational workflows.
- Collaborated with cross-functional teams in **Agile/Scrum environments**, participated in code reviews, and managed defects and features via **Jira**—essential for large-scale digital healthcare transformation projects.
- Completed **MSc in Data Analytics** (February 2026) alongside production support role, demonstrating analytical thinking and ability to manage complex, data-driven organizational initiatives in healthcare context.

## SKILLS

**Data & Analytics** – SQL (PostgreSQL, MySQL, Oracle), Python, pandas, NumPy, data pipelines, ETL, ad-hoc reporting.

**Application Development** – Java Spring Boot, REST APIs, Docker, microservices architecture.

**Cloud & Infrastructure** – AWS (EC2, S3, Lambda, CloudWatch), Linux, shell scripting.

**DevOps & Automation** – Jenkins, Git, CI/CD pipelines, automation scripting, cron jobs.

**Monitoring & Reliability** – Splunk, Dynatrace, CloudWatch, SLA management, incident response.

**Project & Collaboration Tools** – Jira, Confluence, Agile/Scrum, Microsoft Office products.

**Certifications** – IELTS Academic (Band 7), Full Stack Java Spring Boot & Angular, Web Development (Coursera), Python Programming (Coursera).

## EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of  
Ireland, Dublin**

**02/2026**

**BACHELOR OF ENGINEERING in Computer Science – SNS College  
of Technology, Coimbatore, India**

**01/2021**

## PROJECTS

**Enterprise Application Production Support & Monitoring (HCL Technologies, Sep 2021 – Jan 2025)**

- Managed **24/7 production support** for Java/.NET enterprise applications serving multiple business units; implemented **Splunk dashboards and CloudWatch alerts** to track system health and respond to incidents within **SLA targets**.
- Performed **root cause analysis** on critical application failures using **Dynatrace APM and log aggregation**; documented findings and collaborated with development teams to prevent recurrence—directly applicable to EHR system stability and clinical workflow reliability.
- Executed **ad-hoc SQL queries and data validation checks** across **PostgreSQL, MySQL, and Oracle** to support operational and compliance reporting; identified and resolved data integrity issues affecting downstream analytics.

#### **Data Pipeline Automation & Configuration (HCL Technologies, Sep 2021 – Jan 2025)**

- Designed and deployed **Python-based ETL workflows** using **pandas and NumPy** to extract, transform, and load data from multiple sources into centralized repositories; automated scheduled reporting to reduce manual effort by **40%**.
- Built **Flask and FastAPI microservices** to expose data processing capabilities; integrated with **Jenkins CI/CD pipelines** and **Docker containers** for reliable, repeatable deployments.
- Collaborated with business analysts and operations teams to translate requirements into automated data solutions; documented processes in **Confluence** and managed change tracking in **Jira**—experience transferable to EHR configuration and clinical stakeholder engagement.

### **ACHIEVEMENTS & CERTIFICATIONS**

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
