

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and maintained **microservices** and **REST APIs** using **Java Spring Boot**, ensuring high availability and reliability across enterprise applications serving multiple business units.
- Built cloud-native infrastructure on **AWS (EC2, S3, Lambda, CloudWatch)**, containerized applications with **Docker**, and implemented **CI/CD pipelines** using **Jenkins** and **Git** for rapid, secure deployment.
- Engineered **Python** automation scripts and **ETL data pipelines** for operational reporting and data validation, reducing manual overhead and improving deployment precision across hybrid cloud environments.
- Performed production support and troubleshooting using **Splunk, Dynatrace, CloudWatch**, responding to P1/P2 incidents with **SLA management**, debugging distributed systems, and upgrading infrastructure to enhance reliability and security.
- Collaborated cross-functionally with product and infrastructure teams using **Agile/Scrum** ceremonies and **Jira/Confluence**, articulating technical requirements and translating complex system designs into scalable solutions.
- Demonstrated strong grasp of **data structures, algorithms, and software design patterns** through implementation of optimized database queries in **PostgreSQL, MySQL, Oracle** and RESTful API design for distributed systems.

SKILLS

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Kubernetes (knowledge), hybrid cloud environments.

Backend Development – Java, Spring Boot, REST APIs, microservices architecture, distributed systems.

Programming & Automation – Python, SQL, Shell scripting, ETL pipelines, data engineering.

DevOps & CI/CD – Jenkins, Git, Docker, CloudWatch, Linux, production support, reliability engineering.

Databases – PostgreSQL, MySQL, Oracle, schema design, ad-hoc query optimization.

Monitoring & Observability – Splunk, Dynatrace, CloudWatch, SLA management, incident response.

Collaboration & Tools – Jira, Confluence, Agile/Scrum, cross-functional communication.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Cloud-Native Microservices Platform (HCL Technologies)

- Developed and deployed **Spring Boot microservices** on **AWS EC2** with **Docker** containerization, implementing **REST API** endpoints for high-concurrency request handling across distributed infrastructure.

- Established **CI/CD pipelines** in **Jenkins** with automated testing and deployment workflows, reducing deployment time by **40%** and enabling continuous delivery of platform updates.
- Designed **PostgreSQL** database schemas and optimized query performance for transactional and analytical workloads, ensuring **99.5% uptime** for mission-critical services.

Production Reliability & Automation Initiative (HCL Technologies)

- Built **Python**-based automation framework for operational reporting and infrastructure monitoring, eliminating manual log analysis and reducing incident detection time by **35%**.
- Implemented **Splunk** and **Dynatrace** monitoring dashboards for real-time visibility across cloud-hosted applications, enabling proactive incident response and SLA compliance.
- Troubleshoot and debugged distributed system failures using **CloudWatch** logs and **Linux** system diagnostics, improving system stability and reducing P1/P2 incident recurrence by **25%**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
