PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Led **data quality management** and **SLA compliance** for enterprise applications using **Splunk, CloudWatch, and Dynatrace**, responding to P1/P2 incidents and maintaining production reliability across critical systems.
- Designed and executed **Python-based ETL pipelines** and automated data workflows for **PostgreSQL, MySQL, and Oracle** databases, ensuring data accuracy and timely reporting for stakeholder decision-making.
- Developed **REST APIs** and microservices using **Java Spring Boot**, implementing feature enhancements and bug fixes while adhering to code quality standards through **Git** version control and peer code reviews.
- Managed end-to-end **data validation** and schema changes across multiple databases, executing ad-hoc queries and ensuring data integrity for downstream systems and business intelligence processes.
- Collaborated with cross-functional teams in Agile/Scrum environments using **Jira and Confluence**, translating business requirements into technical solutions and driving alignment across stakeholders.
- Deployed and monitored containerized applications using **Docker** and **AWS services (EC2, S3, Lambda)**, establishing **CI/CD pipelines in Jenkins** to automate releases and reduce deployment risk.

SKILLS

Data Management & Analytics – data quality assessment, ETL pipeline design, data validation, SQL querying, pandas, NumPy.

Enterprise Systems & Databases – PostgreSQL, MySQL, Oracle, schema design, data integrity management.

Programming & Development – Python, Java, Spring Boot, REST API development, FastAPI, Flask.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, shell scripting.

DevOps & Collaboration – Jenkins CI/CD pipelines, Git, Jira, Confluence, Agile/Scrum methodologies.

Monitoring & Reporting – Splunk, Dynatrace, dashboard creation, SLA management, incident response.

Qualifications – MSc Data Analytics, Bachelor of Engineering (Computer Science), IELTS Band 7.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Production Support & Reliability Engineering (HCL Technologies)

- Owned monitoring and alerting strategy for **Java/.NET enterprise applications**, utilizing **Splunk and Dynatrace** to track performance metrics and reduce incident response time by **30%**.
- Established data-driven **SLA compliance dashboards** and escalation procedures, ensuring **P1/P2 incident resolution** within agreed timeframes and maintaining high system availability.

- Conducted **root cause analysis** on production issues through log analysis and **Linux** system diagnostics, providing technical recommendations to development teams for preventive measures.

Data Pipeline & Automation Framework Development (HCL Technologies)

- Architected and deployed **Python-based ETL workflows** for **PostgreSQL and Oracle databases**, automating daily data validation and **scheduled reporting** processes that reduced manual effort by **40%**.
- Implemented **CI/CD pipeline automation using Jenkins** to orchestrate data job execution, enabling reliable and repeatable data extraction and transformation across multiple environments.
- Collaborated with business stakeholders to define **data quality standards** and created automated quality checks using **pandas and NumPy**, ensuring completeness and accuracy of master data for downstream analytics systems.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
