PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **1st and 2nd level technical support** for enterprise Java/.NET applications across **25+ production systems**, managing **P1/P2 incidents** with **99.5% SLA adherence** using **Splunk, CloudWatch, and Dynatrace** monitoring tools.
- Managed **user accounts, access controls, and email configurations** in compliance with IT security policies; performed daily **backup verification and vulnerability assessments** to ensure data integrity and system resilience.
- Supported **Windows operating systems, Microsoft Office, and business applications** across on-premises and remote environments; troubleshoot connectivity issues and escalated outages following formal procedures.
- Automated **routine IT tasks using Python scripting and shell commands** on **Linux systems**; developed scheduling automation for reporting and system health checks, reducing manual effort by **30%**.
- Collaborated with **IT Service Providers** and cross-functional teams via **Jira Service Desk** ticketing and **Confluence documentation**; maintained detailed troubleshooting guides and system configuration records.
- Demonstrated strong problem-solving and communication skills across **Agile/Scrum ceremonies**; assisted non-technical end-users with clear, step-by-step guidance to resolve issues independently.

SKILLS

IT Support & Troubleshooting – 1st/2nd line support, Jira Service Desk, incident management, SLA tracking, end-user support.

Operating Systems & Infrastructure – Windows, Linux (Ubuntu), user account management, access controls, network troubleshooting.

Cloud & Monitoring – AWS (EC2, S3, Lambda, CloudWatch), Azure basics, Splunk, Dynatrace, backup verification.

Software & Applications – Microsoft Office, Microsoft 365, REST APIs, Docker, business application support.

Scripting & Automation – Python, shell scripting, cron jobs, data automation, scheduling.

Tools & Platforms – Git, Jenkins, Jira, Confluence, SQL (PostgreSQL, MySQL, Oracle).

Professional Qualifications – MSc Data Analytics (National College of Ireland), BE Computer Science, IELTS Band 7, Full Stack Java Spring Boot certification.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Application Monitoring & Incident Response (HCL Technologies)

- Monitored **15+ production Java/.NET applications** using **Splunk and Dynatrace**, identifying and responding to performance degradation and system failures within **SLA targets**.
- Performed root cause analysis on **P1/P2 incidents**, collaborating with development teams via **Jira** to implement fixes and prevent recurrence.
- Maintained detailed **runbooks and troubleshooting documentation** in **Confluence**, enabling faster incident resolution and knowledge sharing across support teams.

IT Automation & Infrastructure Support (HCL Technologies)

- Developed **Python automation scripts** for daily system health checks, backup validation, and log analysis on **Linux environments**, reducing manual verification time by **30%**.
- Managed **user provisioning, access controls, and email configurations** with adherence to IT security policies; escalated and documented potential vulnerabilities in system monitoring logs.
- Supported **AWS cloud infrastructure** (EC2, S3, Lambda) and **Docker containerization**; assisted with basic networking troubleshooting and **CI/CD pipeline** execution via **Jenkins**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
