

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed **production support and monitoring** of enterprise applications using **Splunk, CloudWatch, and Dynatrace**, ensuring **SLA compliance** and rapid P1/P2 incident response in dynamic, fast-paced environments with excellent attention to detail.
- Developed and maintained **Python** automation scripts for **data pipelines, ETL workflows, and scheduled reporting**, demonstrating problem-solving ability and adaptability across multiple data sources and client requirements.
- Executed **SQL** queries and data validation against business policies using **PostgreSQL, MySQL, and Oracle**, assessing accuracy and integrity while maintaining compliance with data governance standards.
- Built and enhanced **REST APIs** and microservices using **Java Spring Boot**, collaborating with cross-functional teams and engaging with stakeholders to translate business needs into reliable technical solutions.
- Deployed and containerised applications using **Docker** on **AWS infrastructure (EC2, S3, Lambda)**, and automated CI/CD pipelines with **Jenkins** and **Git**, improving deployment reliability and team efficiency.
- Demonstrated excellent verbal and written communication through Agile ceremonies, code reviews, and cross-team collaboration documented in **Jira** and **Confluence**, with proven ability to focus on repetitive, detail-oriented tasks.

SKILLS

Programming Languages – Python, Java, SQL.

Data & Backend Technologies – pandas, NumPy, Spring Boot, REST APIs, ETL, data pipelines.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

Databases – PostgreSQL, MySQL, Oracle.

Monitoring & Compliance – Splunk, Dynatrace, SLA management, data validation.

Tools & Methodologies – Jira, Confluence, Agile, Scrum, Linux.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Monitoring & Incident Response (HCL Technologies)

- Owned **24/7 production support** for mission-critical Java/.NET applications serving global clients, using **Splunk and Dynatrace** to monitor system health and detect anomalies.
- Responded to high-severity incidents with **fast problem-solving** and **attention to detail**, analyzing logs and metrics to identify root causes and implement fixes, maintaining uptime SLAs.

- Collaborated with development and infrastructure teams to validate data accuracy and compliance against client policies, demonstrating adaptability in a dynamic, high-pressure environment.

Data Pipeline Automation & ETL Development (HCL Technologies)

- Designed and implemented **Python-based ETL workflows** for automated **data validation and reporting**, processing datasets from multiple sources and transforming them according to business requirements.
- Optimized **SQL queries** against **PostgreSQL and Oracle** databases to ensure data accuracy and consistency, identifying and fixing schema issues to support downstream business decisions.
- Automated scheduled data exports and report generation using **Python, cron jobs, and Linux shell scripting**, reducing manual effort and improving data delivery timelines.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
