PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **production support and data quality assurance** for enterprise applications serving 500+ clients, using **Splunk, CloudWatch, and Dynatrace** to monitor system health and respond to P1/P2 incidents with **99.5% SLA adherence**
- Engineered **Python-based data pipelines and ETL workflows** to validate, transform, and load enterprise data; designed **SQL queries** across **PostgreSQL, MySQL, Oracle** to assess data accuracy and integrity against business requirements
- Built and maintained **REST APIs** and microservices using **Java Spring Boot**, ensuring reliable data ingestion and platform integration for downstream systems serving high-volume client requests
- Implemented **CI/CD pipelines with Jenkins** and **Git** workflows; containerized applications using **Docker** to improve deployment consistency and reduce environment-related data processing errors
- Collaborated with cross-functional teams via **Agile/Scrum ceremonies** and documented data processes in **Confluence**; communicated technical findings and compliance requirements to non-technical stakeholders
- Demonstrated strong adaptability in fast-paced environments by managing multiple concurrent data validation tasks, troubleshooting production issues under pressure, and consistently meeting tight SLA deadlines

SKILLS

Programming & Data Engineering – Python, Java, SQL, ETL, data pipelines, data validation.

Backend & API Development – Spring Boot, REST APIs, Flask, FastAPI.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

Data & Analytics – pandas, NumPy, PostgreSQL, MySQL, Oracle, data quality assurance.

Monitoring & Compliance – Splunk, Dynatrace, SLA management, incident response, compliance adherence.

Collaboration & Tools – Jira, Confluence, Linux, Agile/Scrum, communication.

Languages – English (fluent), French (conversational).

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Monitoring & Incident Response (HCL Technologies)

- Owned production support for mission-critical **Java/.NET applications** leveraging **Splunk, CloudWatch, and Dynatrace** to detect anomalies and validate data integrity in real time
- Responded to P1/P2 incidents by analyzing logs, identifying root causes, and implementing fixes; assessed data accuracy against SLAs and client policies, maintaining **99.5% uptime**

- Collaborated with business teams to verify information and update client platforms; documented all compliance-critical findings in **Jira** with clear audit trails

Data Pipeline & ETL Automation (HCL Technologies)

- Designed and deployed **Python-based ETL pipelines** using **pandas** and **NumPy** to extract, validate, and load structured data from multiple sources into **PostgreSQL** and **Oracle databases**
- Built **REST APIs with Spring Boot** to expose validated data to downstream systems; implemented **Docker containerization** and **Jenkins CI/CD pipelines** for automated, reliable deployments
- Performed rigorous data quality checks against business requirements; troubleshoot data inconsistencies using **SQL ad-hoc queries** and shell scripting, reducing data-related errors by **30%**

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
