+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed **production support and incident response** for enterprise applications using **Splunk, CloudWatch, and Dynatrace**, ensuring **SLA compliance** and rapid resolution of P1/P2 incidents in dynamic, fast-paced environments
- Developed **Python automation scripts** for data pipelines, ETL workflows, and scheduled reporting; demonstrated strong **attention to detail** in data validation and accuracy assessment against business requirements
- Executed **SQL queries** across **PostgreSQL, MySQL, and Oracle** databases for ad-hoc analysis, schema changes, and data integrity verification; collaborated with stakeholders to update platforms and validate information
- Built and maintained **REST APIs and microservices** using **Java Spring Boot**, supporting feature development and bug resolution in production environments with **Git branching, code reviews, and CI/CD pipelines (Jenkins)**
- Demonstrated adaptability and problem-solving by working effectively across multiple teams in Agile/Scrum ceremonies, responding to shifting priorities while maintaining focus on compliance and quality standards
- Leveraged **AWS infrastructure (EC2, S3, Lambda, CloudWatch), Docker containerization, and Linux** expertise to support deployment, monitoring, and operational excellence across cloud-based platforms

SKILLS

Data & Python – Python, pandas, NumPy, ETL, data pipelines, data validation.

Database & SQL – PostgreSQL, MySQL, Oracle, ad-hoc queries, schema design.

Backend Development – Java, Spring Boot, REST APIs, FastAPI, Flask.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

Monitoring & Support – Splunk, Dynatrace, production support, incident response, SLA management.

Tools & Practices – Jira, Confluence, Linux, shell scripting, Agile/Scrum.

Languages – English (IELTS Band 7), Mexican Spanish.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Monitoring & Incident Response (HCL Technologies)

- Owned **production support responsibilities** for critical enterprise **Java and .NET applications**, utilizing **Splunk and CloudWatch** for real-time monitoring and **SLA management**

- Responded rapidly to **P1/P2 incidents** with root-cause analysis and remediation, demonstrating adaptability in a high-pressure environment and excellent problem-solving abilities
- Conducted log analysis, system diagnostics, and performance tuning on **Linux** infrastructure, ensuring platform stability and customer engagement continuity

Data Engineering & Automation Pipeline Development (HCL Technologies)

- Designed and deployed **Python-based ETL workflows** for automated **data extraction, transformation, and reporting**, improving data accuracy and validation processes
- Executed complex **SQL queries** against **PostgreSQL and Oracle databases** to support data integrity checks and business logic verification
- Integrated automation scripts with **Jenkins CI/CD pipelines** and **AWS Lambda** for scheduled execution, reducing manual effort and ensuring compliance with data governance requirements

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
