PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **production support and reliability engineering** for enterprise **Java** and **.NET** applications across **3.5 years**, managing **P1/P2 incidents** and maintaining **SLA compliance** using **Splunk, CloudWatch, and Dynatrace** monitoring platforms.
- Developed **Python-based data pipelines and ETL workflows** for automated reporting and data validation, demonstrating proficiency in **SQL** (PostgreSQL, MySQL, Oracle) and scripting for **data integrity** assurance across enterprise systems.
- Built and maintained **REST APIs** and microservices using **Java Spring Boot**, contributing to feature development, bug fixes, and system enhancements in production environments supporting cross-functional teams.
- Managed **CI/CD pipelines** using **Jenkins** and **Git**, ensuring code quality through peer reviews and automated deployments; optimized **AWS infrastructure** (**EC2, S3, Lambda, CloudWatch**) and containerization with **Docker** for improved system performance and reliability.
- Performed **system troubleshooting and root cause analysis** using **Linux** log analysis, shell scripting, and proactive monitoring; delivered comprehensive documentation and status reporting to management and business stakeholders.
- Completed **MSc in Data Analytics** (Feb 2026) alongside professional responsibilities, strengthening expertise in data validation, statistical analysis, and business process optimization—directly supporting pharmaceutical and manufacturing domain requirements.

SKILLS

Programming & Backend Development – Java, Spring Boot, Python, SQL, REST APIs.

Data & Analytics – Python, SQL, pandas, NumPy, ETL, data pipelines, CSV processing.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux.

DevOps & Tools – Jenkins, Git, Jira, Confluence, CI/CD pipelines.

Monitoring & Support – Splunk, Dynatrace, production troubleshooting, incident management.

Databases – PostgreSQL, MySQL, Oracle, schema management, data validation.

Certifications & Education – MSc Data Analytics, BE Computer Science, Full Stack Java Spring Boot & Angular, IELTS Band 7.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Monitoring & Incident Response (HCL Technologies)

- Engineered **production support workflows** for mission-critical **Java/.NET applications**, reducing incident resolution time by coordinating **P1/P2 escalations** and maintaining **SLA compliance** across multiple business units.
- Implemented **proactive monitoring strategies** using **Splunk, CloudWatch, and Dynatrace** to detect system performance anomalies, prevent downtime, and ensure **data integrity** in enterprise environments.
- Documented system procedures, troubleshooting protocols, and compliance activities; provided regular status reporting and technical insights to management and cross-functional teams.

Data Pipeline & Automation Engineering (HCL Technologies)

- Architected **Python-based ETL pipelines** for automated data processing, validation, and scheduled reporting; utilized **pandas, NumPy** and **SQL** (PostgreSQL, MySQL, Oracle) to ensure **data accuracy and integrity** across enterprise systems.
- Deployed automation scripts using **Linux** shell scripting and cron jobs, improving operational efficiency and reducing manual data validation overhead by **40%** across analytics workflows.
- Built **REST APIs** with **Java Spring Boot** to integrate data pipelines with downstream systems; managed infrastructure using **AWS Lambda, S3**, and **Docker** containerization for scalable, reliable data operations.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
