+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and maintained **Java Spring Boot** microservices and **REST APIs** for enterprise automation control systems, delivering **feature enhancements and bug fixes** in production environments supporting mission-critical manufacturing processes.
- Engineered **Python automation scripts** and **ETL pipelines** for system monitoring, data validation, and scheduled reporting; reduced manual operational overhead by automating repetitive control system diagnostics and change tracking.
- Managed production reliability and incident response for enterprise applications using **Splunk, CloudWatch, and Dynatrace**; achieved **SLA compliance** through proactive monitoring, P1/P2 incident triage, and root cause analysis of system failures.
- Designed and optimized **SQL queries** across **PostgreSQL, MySQL, and Oracle** databases for data validation, schema migrations, and reporting; ensured data integrity across automation control system configurations.
- Deployed and managed automation solutions on **AWS infrastructure (EC2, S3, Lambda, CloudWatch)**; containerized applications using **Docker** and orchestrated **CI/CD pipelines** via **Jenkins** for reliable, repeatable system deployments.
- Collaborated with cross-functional teams in **Agile/Scrum environments** using **Jira and Confluence**; documented technical requirements, managed change control, and communicated system specifications to stakeholders.

SKILLS

Automation & Control Systems – Java Spring Boot, REST API development, production support, system reliability engineering, change control documentation.

Programming Languages – Java, Python, SQL, shell scripting.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, Git, Jenkins CI/CD.

Databases – PostgreSQL, MySQL, Oracle, SQL query optimization.

Monitoring & Observability – Splunk, Dynatrace, CloudWatch, SLA management, incident response.

Development Tools & Practices – Jira, Confluence, Agile/Scrum, code review, branching strategies.

Data Engineering – ETL pipelines, Python automation, pandas, NumPy, data validation.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Java Microservices & REST API Development (HCL Technologies)

- Developed and enhanced **Java Spring Boot microservices** delivering core features for enterprise automation control systems; implemented **RESTful APIs** enabling seamless system integration across manufacturing platforms.
- Performed **bug fixes and feature enhancements** in production environments; conducted thorough code reviews and testing to ensure system reliability and performance standards.
- Collaborated with cross-functional teams to assess technical requirements and document system behavior; ensured solutions aligned with automation architecture and operational best practices.

Production Monitoring, Reliability Engineering & Automation (HCL Technologies)

- Owned production support and monitoring for mission-critical enterprise applications using **Splunk, Dynatrace, and AWS CloudWatch**; managed P1/P2 incidents, maintained **SLA compliance**, and performed root cause analysis.
- Engineered **Python automation scripts** and **ETL pipelines** to automate system diagnostics, data validation, and scheduled reporting; reduced manual operational effort and improved system visibility.
- Deployed automation solutions on **AWS** using **EC2, S3, Lambda**; containerized applications with **Docker** and maintained **CI/CD pipelines** via **Jenkins** for consistent, reliable deployments across environments.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
