

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed **standard data extracts and outbound reporting** for enterprise applications, investigating and resolving **file generation and data quality issues** with **SLA accountability** for P1/P2 incidents across production environments
- Configured and maintained **electronic data interfaces** using **SQL (PostgreSQL, MySQL, Oracle)** for portfolio data exchange; automated extract validation using **Python** scripts to reduce manual reconciliation by **40%**
- Designed **ETL pipelines and data workflows** using **Python (pandas, NumPy)** and **SQL** for scheduled reporting; integrated with **AWS Lambda** for serverless automation of recurring extracts and alerts
- Provided **Level 1 support and troubleshooting** for data extract errors; communicated technical findings to business and client stakeholder teams via detailed incident reports and process documentation in **Confluence**
- Built and deployed microservices using **Java Spring Boot** with **REST APIs** for data integration; containerized applications with **Docker** and deployed via **Jenkins CI/CD pipelines** to ensure reliable file delivery
- Monitored outbound data flows and system health using **Splunk and CloudWatch**; collaborated with Technology teams on tool enhancements to increase automation and self-service capabilities for operations

SKILLS

Data & Reporting – SQL (PostgreSQL, MySQL, Oracle), ETL pipelines, standard extracts, data validation, ad-hoc queries.

Programming & Scripting – Python, Java Spring Boot, REST APIs, shell scripting, automation.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux.

Monitoring & Support – Splunk, Dynatrace, SLA management, incident response, troubleshooting.

DevOps & Tools – Jenkins, Git, CI/CD pipelines, Jira, Confluence, Agile/Scrum.

Data Libraries – pandas, NumPy.

Frameworks – Flask, FastAPI, Angular, React.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Outbound Portfolio Data Extract Automation (HCL Technologies)

- Engineered **automated data extract pipeline** using **Python** and **SQL** to generate standard position and trade file formats on schedule; integrated with **AWS Lambda** for serverless execution

- Implemented **data validation framework** to detect schema mismatches and missing fields in outbound files before delivery to clients; reduced manual verification workload by **35%**
- Built monitoring and alerting logic using **CloudWatch** to notify operations teams of extract failures; established runbooks for troubleshooting common data issues

Enterprise Application Monitoring & Incident Response (HCL Technologies)

- Supported production **Java/.NET applications** through **Splunk, Dynatrace, and CloudWatch** dashboards; responded to P1/P2 incidents with root-cause analysis and preventive measures
- Developed **Python scripts** for automated log parsing and anomaly detection; reduced incident detection time by **25%**
- Collaborated with development teams to optimize application performance and data pipeline reliability; documented processes in **Confluence** for knowledge sharing across global teams

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
