PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and evaluated **REST APIs** and **Java Spring Boot** microservices in production environments, writing clear, high-quality code with detailed documentation and inline explanations for maintainability and team understanding.
- Developed **Python** automation scripts for data pipelines, ETL workflows, and scheduled reporting—demonstrating problem-solving ability and attention to code clarity across **50+** production tasks.
- Performed code reviews and quality assurance on **Java** and **Python** implementations, providing actionable feedback on performance, readability, and best practices that shaped team coding standards.
- Solved diverse technical problems using **SQL** (PostgreSQL, MySQL, Oracle) for data validation and schema optimization, bridging backend development with data engineering responsibilities.
- Leveraged **AWS** cloud services (**EC2, S3, Lambda, CloudWatch**) and **Docker** containerization for application deployment and reliability engineering—ensuring **99.5%+** SLA compliance through proactive monitoring.
- Maintained excellent communication and documentation standards through **Confluence** wikis, pull request descriptions, and incident reports—demonstrating strong writing and technical clarity skills valued in collaborative AI development.

SKILLS

Programming Languages – Python, Java, C, SQL, JavaScript.

Backend & API Development – Spring Boot, REST APIs, Flask, FastAPI.

Data Engineering & Analysis – pandas, NumPy, ETL, data pipelines, PostgreSQL, MySQL, Oracle.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, Jenkins, Git.

Monitoring & Reliability – Splunk, Dynatrace, SLA management, production support.

Frontend (Basics) – React, Angular.

Tools & Practices – Jira, Confluence, Agile/Scrum, code review, CI/CD pipelines.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Java Microservices & REST API Development (HCL Technologies)

- Developed feature enhancements and resolved defects in **Spring Boot**-based microservices, writing clean, well-documented **REST APIs** with emphasis on code clarity and maintainability.
- Conducted peer code reviews on **Java** implementations, providing detailed feedback on performance optimization, readability, and alignment with team coding standards.

- Collaborated with cross-functional teams through **Jira** ticketing and **Confluence** documentation, ensuring clear communication and knowledge transfer of API specifications and implementation details.

Python Data Engineering & Automation (HCL Technologies)

- Architected and deployed **Python** automation scripts for ETL workflows and scheduled data pipelines, processing large datasets and generating automated reports with **50+** successful production deployments.
- Performed complex **SQL** queries and data validation across **PostgreSQL, MySQL, and Oracle** databases, identifying and resolving data inconsistencies and optimizing schema performance.
- Integrated data pipeline solutions with **AWS Lambda** and **CloudWatch** for serverless execution and monitoring, demonstrating ability to synthesize technical insights and maintain high system reliability (**99.5%+ SLA**).

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
