

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Designed and implemented **REST APIs** and backend services using **Java Spring Boot**, writing clear, production-grade code with comprehensive documentation for cross-functional teams.
- Evaluated system reliability and performance through **production monitoring** with **Splunk, CloudWatch, and Dynatrace**; diagnosed root causes and provided detailed feedback to improve code quality and AI model training datasets.
- Developed **Python** automation scripts and **data pipelines** for ETL workflows, demonstrating strong problem-solving skills in data processing and analytical thinking.
- Wrote and maintained **SQL** queries across **PostgreSQL, MySQL, and Oracle** databases; validated data accuracy and schema integrity with meticulous attention to detail.
- Collaborated in **Agile/Scrum** environments using **Jira** and **Git**; conducted code reviews and contributed to **CI/CD pipelines** with **Jenkins** to ensure high-quality, reliable deployments.
- Completed **MSc in Data Analytics** alongside full-time engineering role, developing advanced skills in data visualization, statistical analysis, and communicating complex insights clearly to stakeholders.

SKILLS

Programming Languages – Java, Python, C, JavaScript.

Backend & Frameworks – Spring Boot, REST APIs, Flask, FastAPI.

Databases & SQL – PostgreSQL, MySQL, Oracle.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

Data Engineering – Python (pandas, NumPy), ETL, data pipelines, SQL scripting.

Tools & Platforms – Splunk, Dynatrace, Jira, Linux, shell scripting.

Soft Skills – Technical writing, code evaluation, problem-solving, Agile collaboration.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Enterprise Application Monitoring & Reliability Engineering (HCL Technologies)

- Implemented **production support strategies** for Java/.NET applications, achieving **99%+ SLA compliance** through proactive monitoring with **Splunk, CloudWatch, and Dynatrace**.
- Diagnosed and resolved **P1/P2 incidents** by analyzing logs and metrics; wrote detailed root-cause reports and performance recommendations that directly improved system stability and code quality.

- Automated incident response workflows using **Python** and **shell scripting**, reducing mean-time-to-resolution by correlating data from multiple sources and synthesizing actionable insights.

Data Pipeline Development & Backend API Services (HCL Technologies)

- Built scalable **REST APIs** with **Java Spring Boot**, incorporating clean code principles and comprehensive documentation to ensure clarity and maintainability.
- Designed **Python-based ETL pipelines** for data validation and transformation, processing large datasets with **pandas and NumPy** for scheduled reporting and analytics.
- Deployed microservices on **AWS** using **Docker** and **Jenkins CI/CD pipelines**; conducted **code reviews** and collaborated with teams to ensure reliable, high-performance solutions across **Git**-based workflows.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
