+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and evaluated **REST APIs** and **Java Spring Boot** microservices in production environments, writing clear, high-quality code with detailed documentation to support enterprise systems serving thousands of users.
- Developed **Python** automation scripts and **ETL data pipelines** for data validation, transformation, and scheduled reporting; analyzed data quality issues using **SQL (PostgreSQL, MySQL, Oracle)** ad-hoc queries and schema analysis.
- Collaborated with cross-functional teams to evaluate system performance and code accuracy using monitoring tools (**Splunk, Dynatrace, CloudWatch**), providing feedback that improved SLA compliance by managing P1/P2 incidents.
- Built containerized applications using **Docker** and deployed to **AWS (EC2, S3, Lambda)**, integrating **CI/CD pipelines** with **Jenkins** and **Git** to ensure code quality and reliability.
- Demonstrated strong problem-solving and communication skills by writing technical documentation in **Confluence**, conducting code reviews, and mentoring junior developers on best practices in **Linux** administration and shell scripting.
- Completed **MSc in Data Analytics** while managing full-time responsibilities, gaining expertise in data visualization, statistical analysis, and programming fundamentals applicable to AI model training and evaluation.

SKILLS

Programming Languages – Python, Java, SQL, JavaScript, C++.

Backend & Web Frameworks – Spring Boot, REST APIs, Flask, FastAPI.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

Data Engineering & Analytics – ETL pipelines, pandas, NumPy, PostgreSQL, MySQL, Oracle, data validation.

Monitoring & Reliability – Splunk, Dynatrace, CloudWatch, SLA management, incident response.

Frontend Basics – React, Angular.

Professional – Agile/Scrum, Jira, Linux, technical documentation, code review.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Java Microservices & Data Pipeline Integration (HCL Technologies)

- Developed and maintained **Spring Boot REST APIs** for enterprise applications, writing clean, well-documented code that adhered to design patterns and was evaluated by senior engineers for accuracy and

performance.

- Built **Python-based ETL data pipelines** to automate data extraction, transformation, and loading from multiple sources; validated data integrity using **SQL** queries across **PostgreSQL** and **Oracle** databases.
- Deployed applications to **AWS** using **EC2** and **S3**, containerized services with **Docker**, and implemented **CI/CD pipelines** in **Jenkins** to automate testing and deployment workflows.

Production Monitoring, Incident Response & Reliability Engineering (HCL Technologies)

- Monitored enterprise **Java/.NET applications** using **Splunk**, **Dynatrace**, and **CloudWatch**, analyzing system logs and performance metrics to identify root causes of issues and provide actionable feedback to development teams.
- Responded to P1/P2 production incidents, managed SLA compliance, and documented solutions in **Confluence**, improving system reliability and reducing mean time to resolution.
- Authored **shell scripts** and **Linux** automation tools to streamline operational tasks, reducing manual effort and enabling faster troubleshooting and deployment validation.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
