+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

## PROFESSIONAL EXPERIENCE

**SOFTWARE ENGINEER – HCL Technologies | Chennai, India**

**09/2021 – 01/2025 (3.5 Years)**

- Designed and developed **REST APIs** and microservices using **Java Spring Boot**, delivering high-quality code with detailed documentation and clear explanations for cross-functional teams.
- Evaluated and debugged **production code** across enterprise **Java/.NET applications**, identifying performance bottlenecks and accuracy issues with **Splunk, CloudWatch, and Dynatrace**; provided actionable feedback to improve system reliability.
- Solved diverse technical problems through **Python scripting** for automation, **ETL pipelines**, and data validation, demonstrating strong problem-solving skills across multiple programming paradigms.
- Wrote and maintained clean, well-documented **SQL queries (PostgreSQL, MySQL, Oracle)** for data analysis and schema modifications, with emphasis on clarity and correctness.
- Collaborated with engineering teams using **Git** branching strategies and **Jenkins CI/CD pipelines**, conducting rigorous code reviews and contributing to continuous improvement of development processes.
- Deployed containerized applications using **Docker** and **AWS services (EC2, S3, Lambda, CloudWatch)**, managing infrastructure with attention to reliability and performance metrics.

## SKILLS

**Programming Languages** – Java, Python, C, JavaScript, SQL.

**Backend & Frameworks** – Spring Boot, REST APIs, FastAPI, Flask.

**Cloud & DevOps** – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

**Databases** – PostgreSQL, MySQL, Oracle.

**Monitoring & Analytics** – Splunk, Dynatrace, data pipelines, ETL.

**Tools & Practices** – Jira, Confluence, Linux, shell scripting, Agile/Scrum.

**Frontend** – React, Angular.

## EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of  
Ireland, Dublin**

**02/2026**

**BACHELOR OF ENGINEERING in Computer Science – SNS College  
of Technology, Coimbatore, India**

**01/2021**

## PROJECTS

**Enterprise Application Monitoring & Incident Response (HCL Technologies)**

- Monitored and supported production **Java/.NET applications** across multiple environments, reducing mean-time-to-resolution (MTTR) for **P1/P2 incidents** through rapid root-cause analysis.
- Built automated dashboards and alerting rules in **Splunk and Dynatrace**, enabling proactive detection of performance degradation and SLA compliance tracking.

- Authored **Linux shell scripts** and **Python automation** tools to streamline log analysis and incident triage, improving team efficiency by automating repetitive troubleshooting tasks.

#### **Microservices Development & CI/CD Pipeline Enhancement (HCL Technologies)**

- Developed new features and bug fixes for **Spring Boot microservices**, implementing **REST APIs** with comprehensive unit and integration testing.
- Optimized **Jenkins CI/CD pipelines** and **Git workflows**, reducing deployment time and improving code quality through automated testing and peer reviews.
- Designed and executed **ETL data pipelines** in **Python** for scheduled reporting, validating data integrity across **PostgreSQL and Oracle databases** with clear documentation for stakeholders.

### **ACHIEVEMENTS & CERTIFICATIONS**

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
