

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Designed and debugged **REST APIs** and backend services using **Java Spring Boot**, writing clean, production-grade code with comprehensive documentation for team handoff and AI training datasets.
- Evaluated system reliability through **production monitoring** with **Splunk, CloudWatch, and Dynatrace**, resolving **P1/P2 incidents** and ensuring **SLA compliance** across enterprise applications—skills directly applicable to code quality assessment.
- Developed **Python** automation scripts and **data pipelines** for ETL workflows, combining scripting proficiency with analytical thinking to validate data accuracy and system performance.
- Maintained code excellence through **Git** version control, **Jenkins CI/CD pipelines**, and peer code reviews in **Agile/Scrum** teams, ensuring high standards across **25+** production deployments.
- Queried and validated complex datasets using **SQL (PostgreSQL, MySQL, Oracle)**, translating business logic into clear technical solutions—transferable to problem-solving and code synthesis for AI training.
- Deployed containerized applications with **Docker** and **AWS (EC2, S3, Lambda, CloudWatch)**, demonstrating full-stack understanding of modern software architecture and infrastructure patterns.

SKILLS

Programming Languages – Python, Java, JavaScript, C#.

Backend & Web Development – Spring Boot, REST APIs, Flask, FastAPI.

Frontend Frameworks – React, Angular.

Databases & Data Tools – PostgreSQL, MySQL, Oracle, SQL, pandas, NumPy.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

Monitoring & Reliability – Splunk, Dynatrace, production support, incident response.

Systems & Scripting – Linux, shell scripting, Jira, Confluence.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Enterprise Java/.NET Production Support & Monitoring (HCL Technologies)

- Managed **real-time monitoring** and **incident response** for mission-critical applications using **Splunk, CloudWatch, and Dynatrace**, maintaining **99.5%+ uptime** and resolving **P1 incidents** within SLA windows.
- Developed **Python** automation scripts to reduce manual alert triage by **40%**, improving team efficiency and enabling faster root-cause analysis through intelligent log parsing.

- Authored clear, detailed **incident reports** and runbooks documenting system behavior, architecture decisions, and resolution steps—directly supporting knowledge transfer and AI training workflows.

Java Spring Boot REST API & Data Pipeline Development (HCL Technologies)

- Engineered **RESTful APIs** using **Spring Boot** for data-driven microservices, implementing robust error handling, validation logic, and comprehensive code documentation for team collaboration.
- Built **ETL data pipelines** with **Python, pandas, and NumPy**, processing **500K+ daily records** across **PostgreSQL and MySQL** databases with **99%+ accuracy validation**.
- Collaborated with cross-functional teams through **Git** branching, **Jenkins CI/CD deployment**, and **Jira ticketing**, maintaining code quality standards and delivering features on sprint cycles.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
