PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Evaluated and validated **Java Spring Boot** and **.NET** application outputs in production environments, ensuring technical accuracy and real-world reliability through **Splunk**, **CloudWatch**, and **Dynatrace** monitoring; managed **P1/P2 incident response** with **SLA compliance**.
- Designed and implemented **Python-based ETL pipelines** and **data validation** workflows; wrote well-documented **analytical code** for automated reporting and data quality checks across enterprise systems.
- Performed statistical analysis and data-driven troubleshooting using **SQL (PostgreSQL, MySQL, Oracle)**; executed ad-hoc queries, schema optimization, and predictive queries to validate system behavior and inform technical decisions.
- Built and reviewed **REST APIs** using **Spring Boot**; contributed to **feature development** and **bug fixes** with strong emphasis on code quality, testing, and technical documentation through **Git** and peer code reviews.
- Deployed and managed containerized applications using **Docker** and **AWS (EC2, S3, Lambda, CloudWatch)**; automated infrastructure monitoring and CI/CD workflows via **Jenkins** pipelines.
- Completed **MSc in Data Analytics** (Feb 2026) with advanced coursework in statistical inference, predictive modeling, and experimental design; demonstrated quantitative reasoning across data science, analytics, and engineering domains.

SKILLS

Quantitative & Statistical Methods – Statistical inference, hypothesis testing, regression analysis, predictive modeling, experimental design, A/B testing, time-series analysis.

Programming & Coding – Python, Java, SQL, Shell scripting, REST API development, code review and documentation.

Data Engineering & Analytics – ETL pipelines, data validation, pandas, NumPy, PostgreSQL, MySQL, Oracle, Splunk, Dynatrace.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, CI/CD, Git, Linux.

Frameworks & Tools – Spring Boot, Flask, FastAPI, Jira, Confluence, Agile/Scrum.

Education & Credentials – MSc Data Analytics, Bachelor of Engineering Computer Science, IELTS Band 7/9, Full Stack Java Spring Boot & Angular certification.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Enterprise Application Reliability & Data Pipeline Automation (HCL Technologies)

- Monitored and validated production **Java/.NET applications** using **Splunk**, **CloudWatch**, and **Dynatrace**; diagnosed root causes of technical issues through log analysis, **Linux** shell commands, and data-driven reasoning.
- Designed and deployed **Python-based ETL automation** scripts that validated data integrity across multiple databases (**PostgreSQL**, **MySQL**, **Oracle**); generated daily analytical reports with **pandas** and **NumPy**, reducing manual validation effort.
- Collaborated with cross-functional teams to ensure **analytical code** quality and technical accuracy; documented findings and provided feedback that improved system reliability and data quality standards.

REST API Development & Cloud Infrastructure (HCL Technologies)

- Developed and reviewed **Spring Boot REST APIs**, implementing feature requests and bug fixes while maintaining high code quality through peer review and automated testing.
- Deployed containerized applications to **AWS** infrastructure using **Docker**, **EC2**, **S3**, and **Lambda**; automated CI/CD workflows with **Jenkins** pipelines and **Git** version control.
- Performed statistical analysis on application performance metrics and user behavior data; used **SQL** queries and data visualization to inform optimization decisions and drive technical improvements.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
