

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and implemented **Python** scripts and **ETL pipelines** for data validation, transformation, and automated reporting across enterprise systems, directly supporting data-driven decision-making.
- Developed **REST APIs** and microservices using **Java Spring Boot**, writing clean, high-quality code with detailed documentation and comprehensive code reviews via Git and **Jenkins CI/CD** pipelines.
- Evaluated and debugged production code for accuracy and performance using **Splunk**, **CloudWatch**, and **Dynatrace**, providing actionable feedback that improved system reliability and reduced P1 incident response time by **30%**.
- Performed complex **SQL** queries and schema analysis across **PostgreSQL**, **MySQL**, and **Oracle** databases, synthesizing insights through data validation and optimization that enhanced application performance.
- Deployed and managed containerized applications using **Docker** on **AWS** infrastructure (**EC2**, **S3**, **Lambda**, **CloudWatch**), demonstrating proficiency in cloud-native development and infrastructure automation.
- Communicated technical findings and solutions through clear documentation in **Confluence** and **Jira**, maintaining excellent writing standards while collaborating across Agile/Scrum teams in a high-velocity environment.

SKILLS

Programming Languages & Frameworks – Python, Java, Spring Boot, REST APIs, Flask, FastAPI.

Data Engineering & Databases – SQL, PostgreSQL, MySQL, Oracle, pandas, NumPy, ETL, data pipelines.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux.

Monitoring & Reliability – Splunk, Dynatrace, CloudWatch, production support, SLA management.

Frontend & Web Technologies – React, Angular, JavaScript, Web Development.

Tools & Collaboration – Jira, Confluence, Agile, Scrum.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Java/Microservices Platform Support (HCL Technologies)

- Maintained and enhanced **Java Spring Boot** microservices for high-availability enterprise applications, writing robust REST APIs with comprehensive error handling and validation logic.
- Built **Python automation scripts** to streamline production support workflows, reducing manual intervention time and improving incident response SLAs across multiple service deployments.

- Analyzed system logs and metrics using **Splunk** and **Dynatrace** to diagnose and resolve performance bottlenecks, providing detailed technical insights to engineering teams for continuous improvement.

Data Pipeline & Analytics Automation (HCL Technologies)

- Designed and deployed **ETL pipelines** in **Python** leveraging **pandas** and **NumPy** for data extraction, transformation, and validation across multiple data sources, enabling automated daily reporting.
- Optimized **SQL queries** across **PostgreSQL, MySQL, and Oracle** databases, reducing query execution time and improving data accuracy for critical business analytics and ad-hoc reporting requirements.
- Containerized data processing workflows using **Docker** and deployed to **AWS Lambda** for serverless execution, achieving cost savings and improved scalability for scheduled batch operations.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
