PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Evaluated **production system reliability** across enterprise Java/.NET applications using **Splunk, CloudWatch, and Dynatrace**; managed **P1/P2 incident response** and SLA compliance, directly validating real-world system performance and data integrity.
- Designed and executed **data pipelines and ETL workflows** using **Python** with **pandas and NumPy**; built automated reporting systems that processed and validated large datasets for accuracy and anomaly detection.
- Developed **predictive models and statistical analysis** in production environments using **SQL** (PostgreSQL, MySQL, Oracle) for ad-hoc queries, schema validation, and experiment design; wrote analytical code end-to-end with peer review.
- Built **REST APIs and backend services** using **Java Spring Boot**; implemented feature work and bug fixes with strong attention to technical correctness and code quality standards.
- Deployed and monitored applications on **AWS (EC2, S3, Lambda, CloudWatch)**; managed **CI/CD pipelines** via **Jenkins** and **Git**, ensuring reliable code integration and continuous validation.
- Completed **MSc in Data Analytics** with practical coursework in statistical methods, experimental design, and quantitative reasoning; complemented by certifications in **Full Stack Java Spring Boot, Web Development, and Python Programming**.

SKILLS

Quantitative & Analytical – statistical analysis, predictive modeling, hypothesis testing, regression, data validation, anomaly detection.

Data Engineering & Pipelines – Python, pandas, NumPy, ETL, SQL, data pipeline design, PostgreSQL, MySQL, Oracle.

Programming & Code – Python, Java, SQL, REST APIs, Flask, FastAPI, Shell scripting.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, CI/CD (Jenkins, Git).

Monitoring & Reliability – Splunk, Dynatrace, production support, SLA management, incident response.

Education & Certifications – MSc Data Analytics, Bachelor of Engineering (Computer Science), IELTS Band 7, Full Stack Java Spring Boot & Angular, Coursera Web Development & Python Programming.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Monitoring & Reliability Engineering (HCL Technologies)

- Monitored production performance of **Java/.NET applications** using **Splunk and Dynatrace**; analyzed system metrics and logs to identify performance bottlenecks and validate system health against SLA requirements.
- Responded to **P1/P2 incidents** with rapid root-cause analysis using **CloudWatch** and **Linux** log analysis; provided technical feedback to engineering teams on reliability improvements and data-driven insights.
- Designed **automated monitoring dashboards** and alert systems; validated correctness of metric calculations and forecasting logic to ensure accurate real-world system representation.

Data Pipeline & Statistical Analysis Platform (HCL Technologies)

- Built **ETL data pipelines** in **Python** using **pandas and NumPy** to extract, validate, and transform large-scale enterprise datasets; implemented statistical validation checks to ensure data quality and integrity.
- Developed **SQL** queries across **PostgreSQL, MySQL, and Oracle** for ad-hoc exploratory analysis and schema validation; wrote analytical code with clear documentation and peer code review.
- Created **automated reporting systems** with scheduled **Python** jobs (cron); designed experiments to test data transformation logic and validate predictive outputs against real-world expectations.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
