

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Designed and deployed **REST APIs** and microservices using **Java Spring Boot**, contributing to feature development and bug fixes across enterprise applications serving high-traffic production environments.
- Evaluated and optimized code quality through **Git** code reviews and **CI/CD** pipeline management with **Jenkins**, ensuring reliable deployments and adherence to SDLC best practices.
- Developed **Python** automation scripts for data pipelines, ETL workflows, and scheduled reporting, reducing manual operational overhead by automating routine data validation and transformation tasks.
- Managed production reliability and incident response using **Splunk**, **Dynatrace**, and **CloudWatch**, achieving SLA targets through P1/P2 incident triage, root cause analysis, and performance monitoring across **AWS** infrastructure.
- Demonstrated proficiency in **SQL** query optimization and schema management across **PostgreSQL**, **MySQL**, and **Oracle** databases, supporting ad-hoc data analysis and validation for enterprise systems.
- Containerized applications and managed cloud infrastructure using **Docker** and **AWS** services (**EC2**, **S3**, **Lambda**), improving deployment consistency and scalability across development and production environments.

SKILLS

Programming Languages – Python, Java, JavaScript, C, SQL.

Backend & Frameworks – Spring Boot, REST APIs, Flask, FastAPI.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux.

DevOps & SDLC – Jenkins, Git, CI/CD pipelines, Jira, Agile/Scrum.

Databases – PostgreSQL, MySQL, Oracle, data validation and schema design.

Monitoring & Observability – Splunk, Dynatrace, CloudWatch, production support.

Data Engineering – pandas, NumPy, ETL pipelines, Python automation scripting.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Enterprise Application Reliability & Monitoring (HCL Technologies)

- Provided production support and SLA management for mission-critical **Java** and **.NET** applications, responding to P1/P2 incidents with root cause analysis and resolution using **Splunk**, **Dynatrace**, and **CloudWatch**.

- Developed **Python** automation scripts to streamline log analysis, alert generation, and performance reporting, reducing incident response time and improving system observability.
- Collaborated with cross-functional teams using **Jira** and **Confluence** in Agile ceremonies, ensuring transparent communication and timely resolution of infrastructure and application issues.

Microservices Development & Deployment Pipeline (HCL Technologies)

- Built and maintained **REST APIs** and microservices using **Java Spring Boot**, delivering feature enhancements and bug fixes to production-grade applications.
- Automated CI/CD workflows using **Jenkins** and **Git**, implementing robust code review practices and containerization with **Docker** to ensure deployment reliability and code quality.
- Leveraged **AWS** cloud services (**EC2**, **S3**, **Lambda**) and optimized **SQL** queries across **PostgreSQL** and **MySQL** databases to support scalable infrastructure and efficient data operations.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
