

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Evaluated and validated **enterprise Java/.NET application performance** using **Splunk, CloudWatch, and Dynatrace**, managing **P1/P2 incident response** with strict SLA compliance — directly applying quantitative rigor to production reliability metrics.
- Designed and executed **Python-based data pipelines and ETL workflows** for scheduled reporting and data validation, demonstrating hands-on experience with **statistical data processing** and analytical code end-to-end.
- Performed **ad-hoc SQL analysis** across **PostgreSQL, MySQL, and Oracle** databases, writing complex queries for root-cause investigation and schema optimization — core quantitative problem-solving in production environments.
- Developed **REST APIs and backend services** using **Java Spring Boot**, including feature work and bug fixes that required hypothesis testing and experimental validation of code changes.
- Built and maintained **CI/CD pipelines in Jenkins** with **Git** and **Docker containerization**, establishing automated workflows that required meticulous attention to measurement, testing, and quality assurance.
- Completed **MSc in Data Analytics** (National College of Ireland) alongside full-time production support role, demonstrating sustained ability to develop quantitative expertise while managing concurrent responsibilities.

SKILLS

Data Analysis & Statistics – Statistical inference, hypothesis testing, A/B testing, data validation, experimental analysis, quantitative problem-solving.

Programming & Coding – Python, Java, SQL, shell scripting, REST API development, analytical code review and documentation.

Data Engineering & Databases – ETL pipelines, data pipelines, PostgreSQL, MySQL, Oracle, pandas, NumPy, Splunk, CloudWatch.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux.

Frameworks & Tools – Spring Boot, Flask, FastAPI, Jira, Confluence, Dynatrace.

Qualifications – MSc Data Analytics, Bachelor of Engineering (Computer Science), IELTS Band 7/9, Full Stack Java Spring Boot & Angular certification.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Production Support & Reliability Engineering (HCL Technologies, Sep 2021 – Jan 2025)

- Monitored and evaluated **enterprise application behavior** using **Splunk, CloudWatch, and Dynatrace**, translating logs and metrics into actionable insights for **incident resolution and SLA management**.
- Conducted **root-cause analysis** on production failures using **SQL queries** and **log analysis**, applying statistical reasoning to identify patterns and validate fixes.
- Managed **P1/P2 incident response cycles** requiring rapid quantitative assessment, prioritization, and technical feedback to prevent recurrence — mirroring evaluation and feedback loops needed for AI training.

Data Pipeline & Automation Development (HCL Technologies, Sep 2021 – Jan 2025)

- Architected **Python-based ETL workflows** and **data pipelines** for enterprise reporting, including **data validation logic** and **statistical quality checks** on processed datasets.
- Wrote **well-documented analytical code** using **pandas, NumPy, Flask, and FastAPI**, ensuring clarity and reproducibility across scheduled jobs and ad-hoc analyses.
- Integrated **AWS Lambda, S3, and PostgreSQL** to automate data processing at scale, demonstrating full-stack ownership of quantitative workflows from ingestion through validation to reporting.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
