

# HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

## PROFESSIONAL EXPERIENCE

**SOFTWARE ENGINEER – HCL Technologies | Chennai, India**

**09/2021 – 01/2025 (3.5 Years)**

- Designed and evaluated **REST APIs** and **Spring Boot** microservices for enterprise applications, writing clear, high-quality code and providing detailed technical feedback to improve system reliability and performance.
- Developed **Python** automation scripts and **data pipelines** for ETL processes, synthesizing insights through data validation and analysis to support AI training workflows and intelligent system refinement.
- Solved diverse coding problems and debugged **Java** applications in production environments, demonstrating proficiency in multiple programming languages and frameworks including **React** and **Angular**.
- Evaluated system performance and code quality across **AWS** infrastructure (**EC2, S3, Lambda, CloudWatch**) and monitoring platforms (**Splunk, Dynatrace**), providing actionable feedback that shaped optimization strategies.
- Wrote comprehensive documentation and clear explanations for complex technical problems, coupled with excellent grammar and communication skills refined through IELTS Band 7 proficiency and collaborative **Agile** environments.
- Managed **CI/CD pipelines** using **Jenkins** and **Git**, **Docker** containerization, and **Linux** systems administration, ensuring code quality and enabling rapid iteration on feature development and bug fixes.

## SKILLS

**Programming Languages** – Python, Java, JavaScript, C, C++.

**Web & Mobile Frameworks** – Spring Boot, REST APIs, React, Angular.

**Data & Analytics** – SQL (PostgreSQL, MySQL, Oracle), pandas, NumPy, ETL pipelines, data validation.

**Cloud & DevOps** – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux.

**Monitoring & Reliability** – Splunk, Dynatrace, SLA management, incident response.

**Soft Skills** – Technical writing, code review, Agile/Scrum, fluent English (IELTS Band 7).

**Additional** – Jira, Confluence, Flask, FastAPI, shell scripting.

## EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of  
Ireland, Dublin**

**02/2026**

**BACHELOR OF ENGINEERING in Computer Science – SNS College  
of Technology, Coimbatore, India**

**01/2021**

## PROJECTS

**Enterprise Application Production Support & Reliability Engineering (HCL Technologies)**

- Monitored and maintained **Java/.NET** applications using **Splunk, CloudWatch, and Dynatrace**, responding to P1/P2 incidents and managing SLAs to ensure **99%+ system uptime** for enterprise clients.
- Analyzed logs and performance metrics on **Linux** systems, writing **shell scripts** and **cron jobs** to automate root cause investigation and reduce MTTR by identifying system bottlenecks.

- Collaborated with development teams to evaluate code changes and provide detailed feedback on performance, clarity, and best practices using **Git** code reviews in **Jira**-tracked workflows.

#### **Data Pipeline Development & Feature Engineering (HCL Technologies)**

- Built **Python**-based **ETL pipelines** for scheduled data processing and reporting, using **pandas**, **NumPy**, and **SQL** queries against **PostgreSQL**, **MySQL**, and **Oracle** databases to validate and transform enterprise data.
- Developed **Spring Boot** microservices with **REST API** endpoints deployed to **AWS (EC2, Lambda)**, containerized with **Docker**, and orchestrated through **Jenkins CI/CD pipelines** to support data-driven intelligent systems.
- Wrote comprehensive technical documentation and code explanations with clear syntax examples, demonstrating strong communication skills and attention to detail in translating complex algorithms for stakeholder consumption.

### **ACHIEVEMENTS & CERTIFICATIONS**

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
