PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and evaluated **REST APIs** and **Java Spring Boot** microservices in production environments, writing clear, high-quality code with detailed documentation for cross-functional teams; resolved **P1/P2 incidents** ensuring system reliability and **SLA compliance**.
- Developed **Python** scripts for data pipelines, ETL workflows, and automated reporting; leveraged **pandas** and **NumPy** for data validation and analysis, directly improving data quality for downstream AI/ML systems.
- Proficient in **multiple programming languages** including **Python, Java, C#/.NET, SQL**; demonstrated ability to write clean, performant code across diverse technology stacks with strong emphasis on code clarity and maintainability.
- Executed comprehensive **code reviews** using **Git** and **Jenkins CI/CD pipelines**, providing constructive feedback that shaped software quality; evaluated system performance across **AWS (EC2, Lambda, CloudWatch)** and on-premises infrastructure.
- Completed **MSc in Data Analytics** with expertise in data visualization, statistical analysis, and insights synthesis; combined software engineering fundamentals with advanced analytical skills to bridge development and data science domains.
- Native-level English communication with **IELTS Band 7/9**; demonstrated excellence in technical writing, documentation, and clear explanations of complex coding concepts—essential for training AI systems and providing actionable feedback.

SKILLS

Programming Languages – Python, Java, C#/.NET, SQL, JavaScript, Kotlin (learning).

Web & API Development – Spring Boot, REST APIs, Flask, FastAPI, React, Angular.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, Git, Jenkins.

Data Engineering & Analysis – ETL, data pipelines, pandas, NumPy, PostgreSQL, MySQL, Oracle, Splunk.

Software Development Practices – Code review, CI/CD, Agile/Scrum, Jira, version control, testing.

Core Competencies – Problem-solving, code quality, performance optimization, technical documentation, system reliability.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Java/Spring Boot Microservices – Production Support & Feature Development (HCL Technologies)

- Maintained and enhanced **Spring Boot REST APIs** serving enterprise applications; implemented bug fixes and new features with **high code quality standards**, ensuring backward compatibility and system stability.
- Monitored production systems using **Splunk, CloudWatch, and Dynatrace**; rapidly diagnosed and resolved issues through **log analysis** and **Linux shell scripting**, maintaining **SLA targets** and minimizing downtime.
- Conducted peer **code reviews** on **Git** branches and **Jenkins pipelines**, providing detailed feedback on performance, readability, and architectural best practices—directly improving team code quality and junior engineer growth.

Data Pipeline & Automation Engineering (HCL Technologies)

- Built and optimized **Python**-based data pipelines for ETL workflows and scheduled reporting; leveraged **pandas** and **NumPy** to validate data integrity and transform large datasets into actionable insights.
- Developed **SQL queries** and schema optimization across **PostgreSQL, MySQL, and Oracle** databases; automated ad-hoc analytics tasks using **cron jobs** and **shell scripting**, reducing manual effort by ~40%.
- Collaborated with analytics and infrastructure teams to design systems that synthesize data insights; demonstrated ability to write clear documentation and explanations—skills directly applicable to evaluating and training AI systems on data tasks.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
