

# HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

## PROFESSIONAL EXPERIENCE

**SOFTWARE ENGINEER – HCL Technologies | Chennai, India**

**09/2021 – 01/2025 (3.5 Years)**

- Designed and evaluated **high-quality Python code snippets** for data pipelines and ETL workflows, writing clear documentation and performance-focused solutions aligned with production reliability standards.
- Built **REST APIs** and backend services using **Java Spring Boot**, demonstrating proficiency in writing scalable, maintainable code for enterprise applications serving thousands of requests daily.
- Developed **Python automation scripts** and data analysis solutions using **pandas, NumPy, and SQL** (PostgreSQL, MySQL, Oracle) to synthesize insights and validate complex datasets across multiple data sources.
- Contributed to **code review processes** and quality assurance across **Git**-based workflows, providing constructive feedback on code clarity, performance, and correctness—skills directly transferable to AI model evaluation.
- Managed production incidents and system reliability using **Splunk, Dynatrace, CloudWatch**, diagnosing root causes and implementing fixes—demonstrating the problem-solving mindset essential for training AI systems on edge cases.
- Deployed and containerized applications using **Docker** and **AWS** services (**EC2, S3, Lambda**), gaining hands-on experience with infrastructure and system design that strengthens technical depth across full-stack development.

## SKILLS

**Programming Languages** – Python, Java, JavaScript, C#.

**Backend & APIs** – Spring Boot, REST APIs, FastAPI, Flask.

**Data Engineering** – SQL (PostgreSQL, MySQL, Oracle), pandas, NumPy, ETL, data pipelines.

**Cloud & DevOps** – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

**Monitoring & Reliability** – Splunk, Dynatrace, CloudWatch, incident response.

**Frontend (Basics)** – React, Angular.

**Other Tools** – Linux, shell scripting, Jira, Confluence, Agile/Scrum.

## EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of  
Ireland, Dublin**

**02/2026**

**BACHELOR OF ENGINEERING in Computer Science – SNS College  
of Technology, Coimbatore, India**

**01/2021**

## PROJECTS

**Enterprise Java Application Production Support & Optimization (HCL Technologies)**

- Monitored and maintained **Java/.NET enterprise applications** using **Splunk and Dynatrace**, resolving P1/P2 incidents with **99%+ SLA adherence** and reducing mean time to resolution by identifying root causes in

complex distributed systems.

- Authored **Python automation scripts** to streamline production support workflows, automating health checks, log analysis, and alerting—demonstrating ability to write clear, maintainable code for real-world reliability challenges.
- Evaluated system performance and code quality across **AWS infrastructure (EC2, CloudWatch, Lambda)**, providing detailed feedback on optimization opportunities and best practices to engineering teams.

#### **Data Pipeline & Automation Engineering (HCL Technologies)**

- Designed and developed **Python-based ETL pipelines** and scheduled reporting systems using **pandas, NumPy, SQL queries**, transforming raw data into actionable insights for stakeholders across multiple business units.
- Implemented **REST API integrations** with **Spring Boot** to enable seamless data flow between systems, writing clean, well-documented code following enterprise standards and code review best practices.
- Deployed containerized data processing jobs using **Docker and Jenkins CI/CD pipelines**, ensuring reliable execution and maintaining detailed documentation for future developers to understand design decisions and code clarity.

### **ACHIEVEMENTS & CERTIFICATIONS**

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
