+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and executed **data pipelines** and **ETL workflows** using **Python** (pandas, NumPy) to validate data quality and transform enterprise datasets; automated **statistical reporting** for SLA-critical metrics, reducing manual analysis by **40%**.
- Evaluated system reliability and performance across production **Java Spring Boot** and **.NET** applications using **Splunk**, **Dynatrace**, and **CloudWatch**; diagnosed root causes of P1/P2 incidents and implemented fixes through code review and **Git** workflows.
- Developed **REST APIs** and backend features in **Spring Boot**; wrote and reviewed **analytical code** for ad-hoc **SQL** queries (**PostgreSQL**, **MySQL**, **Oracle**) to support data-driven decision-making and schema validation.
- Built and maintained **CI/CD pipelines** using **Jenkins** and containerized applications with **Docker**; managed infrastructure on **AWS** (**EC2**, **S3**, **Lambda**, **CloudWatch**) for scalable, reliable deployments.
- Performed **Linux** system administration including log analysis, **shell scripting**, and cron job scheduling to automate operational tasks and improve system observability.
- Completed **MSc in Data Analytics** with practical coursework in statistical methods, predictive modeling, and scientific reasoning; hold certifications in **Full Stack Java Spring Boot**, **Web Development**, and **Python Programming** from leading institutions.

SKILLS

Quantitative & Analytics – statistical analysis, predictive modeling, data validation, ETL design, SLA management.

Programming & Coding – Python, Java, SQL, Shell scripting, REST API development.

Data & Databases – PostgreSQL, MySQL, Oracle, pandas, NumPy, data pipelines.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux.

Monitoring & Diagnostics – Splunk, Dynatrace, incident response, root cause analysis.

Frameworks & Tools – Spring Boot, Flask, FastAPI, Jira, Confluence.

Education & Credentials – MSc Data Analytics, Bachelor of Engineering Computer Science, IELTS Band 7.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Data Pipeline & Automated Reporting System (HCL Technologies)

- Engineered **Python-based ETL pipeline** using **pandas** and **NumPy** to extract, transform, and load enterprise data from multiple sources; validated data accuracy through **SQL** assertions and statistical checks.

- Automated **scheduled reporting** for SLA metrics and operational KPIs; integrated with **CloudWatch** and **Splunk** to surface insights that reduced manual reporting effort by **40%**.
- Deployed pipeline on **AWS Lambda** with **Docker** containerization; managed scheduling via cron jobs and **Linux** shell scripts for reliable daily execution.

Production Reliability & API Enhancement (HCL Technologies)

- Monitored production **Java Spring Boot** applications using **Dynatrace** and **Splunk**; performed root cause analysis on P1/P2 incidents and delivered fixes through rigorous **code review** and **Git** workflows.
- Developed new **REST API** endpoints and features for microservices; wrote **analytical code** to query **PostgreSQL** and **MySQL** databases, supporting data-driven product decisions.
- Optimized **CI/CD pipelines** in **Jenkins** and containerized services with **Docker**; deployed infrastructure across **AWS** (EC2, S3) ensuring high availability and observability.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
