

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and developed **REST APIs** using **Java Spring Boot**, writing clear, high-quality code with comprehensive documentation to enable seamless system integration across enterprise applications.
- Solved complex coding problems and debugged production issues across **Java** and **Python** codebases, demonstrating strong problem-solving skills under SLA constraints and contributing to AI training datasets through detailed code analysis.
- Evaluated code quality and performance using **Splunk, Dynatrace, and CloudWatch**, providing detailed feedback on system behavior and optimization opportunities that shaped application reliability improvements.
- Automated data pipelines and ETL workflows with **Python** scripting, **pandas**, and **SQL** (PostgreSQL, MySQL, Oracle), enabling accurate data analysis and visualization for stakeholder insights.
- Deployed and managed containerized applications using **Docker** on **AWS** (EC2, S3, Lambda), ensuring code clarity and performance standards across development and production environments.
- Collaborated in Agile teams using **Git, Jenkins CI/CD pipelines**, and code reviews, consistently delivering high-quality solutions with excellent communication and attention to detail.

SKILLS

Programming Languages – Java, Python, JavaScript, SQL.

Backend & Frameworks – Spring Boot, REST APIs, Flask, FastAPI.

Frontend & Web – React, Angular.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

Databases – PostgreSQL, MySQL, Oracle.

Data & Monitoring – Python (pandas, NumPy), Splunk, Dynatrace, ETL, data pipelines.

Development Tools – Linux, Jira, Confluence, Agile/Scrum.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Java/Python Application Support & Optimization (HCL Technologies)

- Provided production support for mission-critical enterprise applications, handling P1/P2 incidents with rapid resolution and maintaining **SLA compliance** through proactive monitoring with **Splunk, CloudWatch, and Dynatrace**.
- Developed automated monitoring and alerting solutions using **Python scripting**, reducing manual intervention by automating incident detection and enabling faster root cause analysis.

- Performed ad-hoc **SQL queries** and schema optimization across **PostgreSQL, MySQL, and Oracle** databases, ensuring data integrity and supporting data-driven debugging decisions.

Microservices Development & Deployment Pipeline (HCL Technologies)

- Built and enhanced **REST APIs** using **Java Spring Boot**, implementing features and bug fixes with clear documentation to support API consumer teams and training use cases.
- Containerized applications with **Docker** and deployed to **AWS infrastructure** (EC2, S3, Lambda), implementing infrastructure-as-code best practices and ensuring consistent performance across environments.
- Established and optimized **Jenkins CI/CD pipelines** with proper **Git branching strategies**, code reviews, and automated testing to accelerate deployment cycles and maintain code quality standards.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
