

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and evaluated **REST APIs** and **Java Spring Boot** microservices, writing clear, high-quality code snippets with detailed explanations for production systems serving enterprise clients.
- Solved diverse coding problems across **Python, Java, and SQL**; debugged and optimized code for accuracy, performance, and clarity in mission-critical applications.
- Developed **Python** automation scripts and **ETL pipelines** for data processing and synthesis, demonstrating strong problem-solving skills across multiple programming languages and frameworks.
- Evaluated production code quality and provided actionable feedback through **Git code reviews** and **CI/CD pipeline** governance, directly shaping system reliability and maintainability.
- Demonstrated excellence in written communication through **Confluence documentation**, technical incident reports, and detailed root-cause analysis—critical for training AI systems with clear explanations.
- Managed reliability engineering across **AWS infrastructure (EC2, S3, Lambda, CloudWatch)** and monitoring tools (**Splunk, Dynatrace**), ensuring **SLA compliance** and P1/P2 incident resolution.

SKILLS

Programming Languages – Java, Python, SQL, JavaScript, C.

Backend & Frameworks – Spring Boot, REST APIs, Flask, FastAPI.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

Databases – PostgreSQL, MySQL, Oracle.

Data Engineering & Analysis – ETL pipelines, pandas, NumPy, data validation.

Monitoring & Reliability – Splunk, Dynatrace, incident response, SLA management.

Frontend – React, Angular.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Java Application Production Support & Reliability Engineering (HCL Technologies)

- Maintained and optimized **Java/.NET enterprise applications** through **Splunk, CloudWatch, and Dynatrace** monitoring, achieving consistent **SLA compliance** across production environments.
- Solved complex production issues by writing and evaluating high-quality code fixes, debugging logic errors, and optimizing performance across **microservices architectures**.

- Provided clear technical documentation and feedback on code quality, enabling team alignment and supporting the continuous improvement of system reliability.

Data Pipeline & Automation Engineering (HCL Technologies)

- Designed and implemented **Python**-based **ETL pipelines** and automation scripts, solving data transformation problems with clear logic and detailed code explanations.
- Performed data analysis and validation using **SQL queries** across **PostgreSQL, MySQL, and Oracle**, synthesizing insights through systematic problem-solving.
- Structured automation workflows in **Jenkins CI/CD pipelines**, demonstrating proficiency in code organization and execution clarity for production data processes.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
