PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Designed and debugged **Java Spring Boot** REST APIs and backend services for enterprise applications, writing clear, maintainable code with emphasis on performance and reliability; experience translates directly to evaluating AI-generated code for accuracy and functionality.
- Developed **Python** automation scripts and data pipelines for ETL workflows and scheduled reporting, demonstrating proficiency in solving diverse programming problems and synthesizing insights through data analysis.
- Performed production support and incident response on mission-critical applications using **Splunk, CloudWatch, and Dynatrace**, ensuring **SLA compliance** and managing P1/P2 escalations—experience reflects strong understanding of code quality, performance evaluation, and reliability engineering.
- Wrote and optimized complex **SQL** queries across **PostgreSQL, MySQL, and Oracle** databases for data validation and schema changes, demonstrating ability to assess code clarity and execution efficiency.
- Collaborated in **Agile/Scrum** environments using **Jira and Confluence** for ticketing and code reviews; provided constructive feedback during **Git** branching and **Jenkins CI/CD** pipeline reviews, influencing code quality standards.
- Completed **MSc in Data Analytics** with technical coursework in programming, statistics, and data visualization; holds **IELTS Academic Band 7** and certifications in Full Stack **Java Spring Boot**, Web Development, and **Python Programming**—demonstrating strong English fluency and continuous technical growth.

SKILLS

Programming Languages – Java, Python, JavaScript, C++.

Backend & Web Frameworks – Spring Boot, REST APIs, Flask, FastAPI.

Databases & Data Engineering – PostgreSQL, MySQL, Oracle, SQL, pandas, NumPy.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

Monitoring & Code Quality – Splunk, Dynatrace, SLA management, Code review.

Frontend & Data Visualization – React, Angular, web development.

Professional Skills – Agile/Scrum, technical writing, clear code documentation, Linux.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Enterprise Application Production Support & Reliability Engineering (HCL Technologies)

- Monitored and maintained uptime of distributed **Java/.NET** enterprise applications using **Splunk, CloudWatch, and Dynatrace**, analyzing logs and metrics to identify root causes and optimize system performance.
- Responded to critical P1/P2 incidents with **SLA-driven resolution**, writing detailed incident reports and implementing preventative measures—directly relevant to evaluating AI-generated solutions for accuracy and reliability.
- Collaborated with development teams during **code review cycles**, providing feedback on performance bottlenecks and code quality improvements across **Git** branches and **Jenkins CI/CD** pipelines.

Python Data Pipeline & ETL Automation (HCL Technologies)

- Developed **Python** scripts using **pandas and NumPy** to build automated ETL pipelines and scheduled reporting workflows, extracting and transforming data from multiple sources.
- Optimized database queries using **PostgreSQL, MySQL, and Oracle SQL** for data validation and schema modifications, ensuring data integrity and query performance.
- Synthesized insights through **data visualization and analysis**, presenting findings in clear, well-documented formats—skills directly applicable to explaining AI-generated code and technical solutions.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
