PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and resolved **complex coding problems** through **Python, Java**, and **SQL** scripting; automated data pipelines and ETL workflows to validate system behavior and improve code quality across enterprise applications.
- Evaluated production code for accuracy and performance using **Splunk, CloudWatch**, and **Dynatrace**; identified **P1/P2 incidents** and provided detailed root-cause analysis with actionable feedback to engineering teams, reducing MTTR by up to **30%**.
- Developed and maintained **REST APIs** and microservices using **Java Spring Boot**; wrote clear, production-ready code with comprehensive documentation and explanations for team code reviews and knowledge sharing.
- Built and optimized **data analysis** solutions using **Python (pandas, NumPy)** and **SQL** across **PostgreSQL, MySQL**, and **Oracle**; synthesized insights through ad-hoc queries and scheduled reporting to inform platform decisions.
- Containerized applications and managed infrastructure using **Docker** and **AWS (EC2, S3, Lambda)**; automated deployment pipelines with **Jenkins** and **Git**, ensuring code quality through rigorous reviews and **CI/CD** best practices.
- Demonstrated strong written communication through Confluence documentation, incident summaries, and technical explanations; maintained **IELTS Band 7/9** English proficiency and collaborating effectively in Agile/Scrum ceremonies across distributed teams.

SKILLS

Programming Languages – Python, Java, JavaScript, C#, SQL.

Web & API Development – Spring Boot, REST APIs, Flask, FastAPI, Angular, React.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, CI/CD.

Data Engineering & Analysis – ETL, pandas, NumPy, PostgreSQL, MySQL, Oracle, data pipelines.

Monitoring & Reliability – Splunk, Dynatrace, CloudWatch, incident response, SLA management.

Tools & Methodologies – Jira, Confluence, Linux, shell scripting, Agile/Scrum, code review.

Education – MSc Data Analytics (National College of Ireland), BE Computer Science.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Application Monitoring & Production Support (HCL Technologies)

- Monitored and maintained uptime for mission-critical **Java/.NET applications** using **Splunk**, **CloudWatch**, and **Dynatrace**; responded to **P1/P2 incidents** with detailed root-cause analysis and provided corrective feedback to development teams.
- Optimized alert thresholds and dashboard queries to reduce false positives; synthesized operational insights through data analysis that directly improved system reliability and SLA compliance.
- Wrote comprehensive incident reports and post-mortems with clear explanations of failures and remediation steps, enabling knowledge transfer across the engineering organization.

Automated Data Pipeline & API Development (HCL Technologies)

- Designed and deployed **Python**-based ETL pipelines and **scheduled reporting** scripts for data validation and transformation; processed large datasets using **pandas** and **NumPy** across **PostgreSQL**, **MySQL**, and **Oracle** databases.
- Developed **REST APIs** and microservices using **Java Spring Boot**; wrote clear, well-documented code with detailed explanations to facilitate code reviews and team learning.
- Containerized applications with **Docker** and automated deployment pipelines using **Jenkins** and **Git**; implemented **CI/CD** best practices to ensure production-quality code and reduce deployment risk.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
