

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **production support and reliability engineering** for enterprise Java/.NET applications across multiple sites, managing **P1/P2 incidents** and maintaining **99%+ SLA compliance** using **Splunk, CloudWatch, and Dynatrace** monitoring tools
- Designed and implemented **Python automation scripts** for data pipelines and scheduled reporting, reducing manual operational overhead by **40%** and supporting continuous improvement initiatives
- Supported **infrastructure projects** involving **AWS services (EC2, S3, Lambda)** and **Docker containerisation**, gaining hands-on experience with system design, deployment, and commissioning workflows
- Coordinated cross-functional **CI/CD pipeline implementations** using **Jenkins** and **Git**, establishing project management procedures and code review standards across development teams
- Prepared technical documentation including specifications, tender evaluations, and project timelines using **Jira, Confluence, and MS Office**; tracked budgets and milestones for concurrent workstreams
- Developed proficiency in **SQL (PostgreSQL, MySQL, Oracle)** and **Linux system administration**, performing schema changes, log analysis, and shell scripting to support technical teams in fast-paced environments

SKILLS

Project Engineering & Management – project lifecycle coordination, contractor support, URS preparation, tender documentation, budget and timeline tracking, Jira, Confluence, MS Office.

Industrial & Electrical Systems Support – production line monitoring, system commissioning, technical support to site teams, continuous improvement initiatives, energy efficiency awareness.

Automation & Control Systems – Python scripting, ETL pipelines, Linux shell scripting, cron job scheduling, CI/CD pipeline management (Jenkins).

Cloud Infrastructure & Containerisation – AWS (EC2, S3, Lambda, CloudWatch), Docker, deployment and commissioning workflows.

Database & Data Engineering – SQL (PostgreSQL, MySQL, Oracle), ad-hoc queries, data validation, schema changes, pandas, NumPy.

Professional Qualifications – MSc Data Analytics (National College of Ireland), Bachelor of Engineering Computer Science, IELTS Band 7, Health & Safety awareness.

Core Technical Skills – Java Spring Boot, REST APIs, Git version control, problem-solving, strong communication, proactive learning mindset.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Application Monitoring & Reliability Programme (HCL Technologies)

- Led **production support operations** for mission-critical Java/.NET applications, implementing **SLA management procedures** and reducing incident response time by **35%** through **Splunk and Dynatrace** observability improvements
- Coordinated **cross-site monitoring infrastructure** involving multiple production environments, applied company SOPs for incident escalation, and provided technical support to site teams during troubleshooting
- Contributed to **continuous improvement initiatives** by automating routine diagnostic workflows with **Python**, reducing manual effort and enabling faster root-cause analysis

Cloud Infrastructure & CI/CD Pipeline Modernisation (HCL Technologies)

- Supported **AWS cloud infrastructure projects** involving **EC2, S3, Lambda** services and **Docker containerisation**, gaining hands-on experience in system design, deployment procedures, and commissioning verification
- Established **Jenkins-based CI/CD pipelines** with **Git branching strategies** and automated code review processes, documenting project procedures and tracking timelines across multiple deliverables
- Prepared technical project documentation including specifications, tender evaluations, and handover materials; supported contractor coordination and site teams throughout implementation phases

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
