

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and implemented **production monitoring & reliability engineering solutions** using **Splunk, CloudWatch, and Dynatrace**, managing **P1/P2 incident response** and maintaining SLA compliance across enterprise Java/.NET applications serving multiple business units
- Developed **Python automation scripts** for data pipelines, ETL workflows, and scheduled reporting; created **shell scripts** for Linux log analysis and system administration, reducing manual operational overhead by **30%**
- Built and maintained **REST APIs** using **Java Spring Boot**, including feature development, bug fixes, and code reviews within **CI/CD pipelines** (Jenkins, Git); contributed to technical documentation and Agile ceremonies
- Performed **detailed database design reviews** and optimization using **PostgreSQL, MySQL, and Oracle**; executed schema changes, data validation queries, and compliance checks across production and pre-production environments
- Collaborated with cross-functional teams to deploy containerized applications using **Docker** and manage cloud infrastructure on **AWS (EC2, S3, Lambda, CloudWatch)**, ensuring compliance with deployment standards and documentation
- Documented technical specifications, prepared detailed design alternatives with calculations and sketches, and maintained accurate records in **Jira and Confluence** for stakeholder review and approval—supporting design governance and compliance tracking

SKILLS

Engineering & Design – technical documentation, design review, specifications analysis, compliance standards, alternative solution development.

Programming Languages – Python, Java, SQL, Shell scripting.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux.

Backend & APIs – Spring Boot, REST APIs, Flask, FastAPI.

Databases – PostgreSQL, MySQL, Oracle.

DevOps & Tools – Jenkins, Git, Jira, Confluence, Splunk, Dynatrace.

Data Engineering – Python automation, ETL, pandas, NumPy, data validation.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Monitoring & Incident Management (HCL Technologies)

- Designed and deployed **production monitoring architecture** using **Splunk and CloudWatch** to track system health, performance metrics, and incident trends across distributed enterprise applications
- Managed **P1/P2 incident response** workflows, conducting **root cause analysis** and implementing remediation steps; maintained SLA targets through proactive alerting and escalation procedures
- Created **Python automation scripts** for alert enrichment, log aggregation, and reporting; reduced manual troubleshooting time by integrating **Dynatrace APM** insights into incident workflows

Data Pipeline & Infrastructure Automation (HCL Technologies)

- Engineered **ETL pipelines** using **Python, SQL, and pandas** for data extraction, validation, and transformation across multiple database systems (PostgreSQL, MySQL, Oracle); scheduled jobs via **cron** and **Linux shell scripting**
- Deployed containerized microservices using **Docker** on **AWS infrastructure (EC2, S3, Lambda)**; configured CI/CD automation in **Jenkins** to standardize build, test, and deployment workflows
- Collaborated on **REST API development** using **Spring Boot**, performing code reviews and documenting technical specifications in **Jira/Confluence** for cross-team visibility and compliance

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
