PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed production infrastructure reliability and incident response for enterprise **Java/.NET applications**, using **Splunk, CloudWatch, and Dynatrace** for real-time monitoring and SLA management; handled **P1/P2 escalations** with systematic troubleshooting and root-cause analysis.
- Designed and deployed **AWS cloud infrastructure** including **EC2, S3, Lambda, and CloudWatch**; containerized applications using **Docker** and orchestrated deployments through **Jenkins CI/CD pipelines**, enabling consistent and scalable service delivery.
- Automated operational workflows using **Python scripting** for data pipelines, ETL processes, and scheduled reporting; developed **Linux shell scripts** for log analysis and system administration, reducing manual intervention by approximately **30%**.
- Developed and maintained **REST APIs** using **Java Spring Boot** on production systems; performed schema optimization and data validation across **PostgreSQL, MySQL, and Oracle** databases, ensuring data integrity and query performance.
- Collaborated cross-functionally with DevOps, security, and application teams on infrastructure upgrades, maintenance windows, and capacity planning; produced technical documentation and performance reports for stakeholder review.
- Completed **MSc in Data Analytics** while maintaining full-time employment, demonstrating strong analytical capabilities, self-direction, and technical depth applicable to network monitoring, performance analytics, and infrastructure diagnostics.

SKILLS

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, Jenkins.

Monitoring & Observability – Splunk, Dynatrace, CloudWatch, incident response, SLA management.

Programming & Scripting – Python, Java, SQL, Shell scripting, REST APIs.

Enterprise Frameworks – Spring Boot, Git, CI/CD pipelines, Jira, Agile/Scrum.

Databases – PostgreSQL, MySQL, Oracle, data validation, schema management.

Technical Proficiency – Troubleshooting, root-cause analysis, log analysis, technical documentation, system administration.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Monitoring & Incident Management (HCL Technologies)

- Implemented and maintained proactive monitoring across **Splunk and Dynatrace** for enterprise Java/.NET services; established SLA-aligned alert thresholds and dashboards to track system health and availability.
- Led **P1/P2 incident response** investigations using systematic troubleshooting; documented RCA findings and remediation strategies to prevent recurrence and improve service reliability.
- Reduced mean time to resolution (MTTR) by approximately **20%** through improved monitoring visibility and escalation procedures.

Cloud Infrastructure Deployment & Automation (HCL Technologies)

- Architected and deployed **AWS infrastructure** solutions using **EC2, S3, Lambda, and CloudWatch**; containerized applications with **Docker** and automated deployment through **Jenkins CI/CD pipelines**.
- Developed **Python automation scripts** for data pipeline orchestration, ETL workflows, and operational reporting; created **Linux shell scripts** for system administration and log analysis, streamlining recurring tasks.
- Collaborated with infrastructure and application teams on capacity planning, system upgrades, and maintenance windows; maintained comprehensive technical documentation for deployment procedures and architecture decisions.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
