PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and developed **PL/SQL** procedures, packages and database objects for enterprise data pipelines; optimised query performance across **PostgreSQL, MySQL, Oracle** environments, reducing execution time by **30%** through schema tuning and index strategy.
- Built **Python**-based data extraction and transformation utilities for Finance and HR reporting workflows; developed **ETL pipelines** using **pandas, NumPy** for data validation, reconciliation and scheduled reporting to support business analytics.
- Supported live production systems across **Java Spring Boot** and enterprise applications; responded to **P1/P2 incidents** with **SLA compliance**, leveraging **Splunk, CloudWatch, Dynatrace** for root cause analysis and performance monitoring.
- Translated business and functional requirements into structured technical specifications; collaborated with Business Analysts and stakeholders to define technical designs for system enhancements and integrations across corporate systems.
- Participated in CI/CD delivery cycles using **Jenkins pipelines, Git, Docker** containerisation; contributed to code reviews, defect resolution and controlled releases in Agile/Scrum environments with **Jira, Confluence** documentation.
- Investigated and resolved technical issues in production; liaised with support teams on system configuration, log analysis using **Linux shell scripting** and database diagnostics to maintain system stability and uptime.

SKILLS

Database & SQL – PL/SQL, Oracle, PostgreSQL, MySQL, data modelling, stored procedures, query optimisation.

Enterprise Systems – Oracle E-Business Suite fundamentals, Finance and HR data structures, production support, system integration.

Backend Development – Java Spring Boot, REST APIs, Python, Flask, FastAPI.

Data Engineering & Reporting – ETL pipelines, data extraction, pandas, NumPy, scheduled reporting, data validation.

Infrastructure & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux, shell scripting.

Monitoring & Support – Splunk, Dynatrace, incident response, SLA management, root cause analysis.

Professional – Requirements analysis, technical documentation, Agile/Scrum, cross-functional collaboration, IELTS Band 7.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Finance Data Pipeline & Reconciliation System (HCL Technologies)

- Designed and implemented **PL/SQL procedures and packages** to automate daily Finance data extraction and reconciliation workflows; reduced manual effort by **40%**.
- Built **Python ETL utilities** using **pandas and NumPy** to validate transaction data, flag discrepancies and generate exception reports for Finance stakeholders.
- Developed scheduled **SQL queries and Oracle database objects** to support month-end close processes and management reporting across multiple Finance modules.

Production Monitoring & Incident Response Framework (HCL Technologies)

- Supported live enterprise **Java Spring Boot applications** with **Splunk, CloudWatch and Dynatrace** monitoring; achieved **99.2% SLA compliance** on P1/P2 incidents.
- Conducted root cause analysis on production issues; developed **Linux shell scripts and automation routines** to detect anomalies, streamline diagnostics and reduce incident resolution time by **35%**.
- Collaborated with backend teams to translate performance findings into technical design improvements; contributed to **CI/CD pipeline enhancements** using **Jenkins and Git** to prevent similar failures.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
