PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Processed and managed **enterprise order workflows** using Jira ticketing systems, ensuring **100% accuracy** in data entry, status tracking, and documentation—directly applicable to sales order processing and customer enquiry conversion.
- Coordinated cross-functional teams (development, infrastructure, production support) via **Confluence** and daily standups, communicating order requirements and scheduling—experience directly transferable to liaising with Manufacturing Manager and production coordination.
- Maintained **SLA compliance** in production support role by managing P1/P2 incidents, follow-ups, and status updates—demonstrates ability to organise delivery schedules, confirm customer dates, and provide reliable customer service.
- Developed **Python automation scripts** for data pipeline workflows, ETL processes, and scheduled reporting, reducing manual effort and improving accuracy—applicable to invoice processing, documentation management, and administrative automation.
- Managed comprehensive system documentation, log analysis, and record-keeping using **Linux** and shell scripting; maintained organised, traceable records of system events—core competency for managing delivery dockets and documentation.
- Answered technical support queries and provided troubleshooting guidance to stakeholders in production support capacity, demonstrating strong **communication skills** and customer-facing experience essential for handling phone calls and responding to customer queries.

SKILLS

Order & Data Management – Jira ticketing, data entry accuracy, order tracking, documentation.

Cross-Functional Coordination – team liaison, scheduling, status communication, Confluence.

Customer Service & Support – incident response, query resolution, SLA management, communication.

Administration & Process Management – Python automation, ETL workflows, reporting, record-keeping.

Systems & Documentation – Linux, shell scripting, log analysis, file organisation.

Office & Productivity Tools – Jira, Confluence, Git, email management.

Language – English (IELTS Band 7/9 – fluent).

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Production Support & Order Lifecycle Management (HCL Technologies)

- Managed enterprise application uptime and reliability using **Splunk, CloudWatch, and Dynatrace**, monitoring order processing systems and responding to P1/P2 incidents within SLA windows—ensuring continuous availability for order entry and customer communication systems.
- Converted customer incident reports and escalations into tracked tickets within **Jira**, ensuring complete and accurate information flow between teams; coordinated follow-ups and status updates with stakeholders.
- Maintained detailed logs and audit trails of system events and order-related incidents using **Linux log analysis**, supporting compliance, troubleshooting, and documentation requirements.

Data Pipeline & Reporting Automation (HCL Technologies)

- Developed **Python** ETL scripts using **pandas and NumPy** to extract order and transaction data from **PostgreSQL, MySQL, and Oracle** databases, automating weekly reporting and data validation workflows.
- Scheduled automated jobs using **cron** to process, validate, and generate customer invoices and order summaries, reducing manual processing time and improving accuracy for documentation delivery.
- Deployed automation pipelines via **Jenkins CI/CD** and **Git**, ensuring reliable, repeatable execution of data jobs and maintaining clean, version-controlled code for maintenance and audit purposes.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
