PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Built and maintained **production Java Spring Boot services** and **REST APIs** handling enterprise-scale transaction processing; applied reliability engineering principles to achieve **99.5% SLA compliance** through proactive monitoring with **Splunk, CloudWatch, and Dynatrace**.
- Developed **Python automation pipelines** and **ETL workflows** for data enrichment and validation; engineered **SQL queries** across **PostgreSQL, MySQL, and Oracle** to extract cybercrime-relevant signals and build investigative datasets.
- Designed and deployed **CI/CD pipelines** using **Jenkins** and **Git**; owned end-to-end system reliability including rapid **P1/P2 incident response**, root cause analysis, and production troubleshooting across distributed architectures.
- Operated **AWS cloud infrastructure (EC2, S3, Lambda, CloudWatch)** for scalable service deployment; containerized applications using **Docker** and managed infrastructure-as-code practices to support high-velocity feature shipping.
- Automated security and operational workflows using **Python scripting**, shell automation, and **Linux** system administration; reduced manual toil by **30%** through cron-based scheduled reporting and data pipeline orchestration.
- Partnered cross-functionally with security, product, and engineering teams to translate operational insights into durable engineering solutions; demonstrated security research mindset by identifying abuse patterns and converting findings into preventative controls.

SKILLS

Backend & Systems – Java, Spring Boot, Python, SQL, REST APIs, Cloud Architecture.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux.

Data & Automation – ETL Pipelines, Data Engineering, PostgreSQL, MySQL, Oracle, pandas, NumPy.

Security & Operations – Production Monitoring (Splunk, Dynatrace), SLA Management, Incident Response, System Reliability.

Frameworks & Tools – FastAPI, Flask, Jira, Confluence, Agile/Scrum.

Education – MSc Data Analytics (National College of Ireland), Bachelor of Engineering Computer Science.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Enterprise Application Monitoring & Incident Response System (HCL Technologies)

- Engineered production support infrastructure monitoring **Java/.NET enterprise applications** using **Splunk, CloudWatch, and Dynatrace**; reduced mean time to detection (MTTD) for critical incidents by **40%** through custom dashboarding and alerting.
- Developed automated incident triage workflows and escalation logic; maintained **SLA compliance** for **P1/P2 incidents** through rapid root cause analysis, system remediation, and cross-team coordination.
- Built **Python automation scripts** to correlate logs, extract forensic signals, and generate actionable intelligence reports; enabled security teams to identify patterns and respond to emerging threats at scale.

Data Pipeline & Enrichment Platform (HCL Technologies)

- Architected end-to-end **ETL pipelines** using **Python, SQL, and pandas** to ingest, transform, and enrich transaction data across **PostgreSQL, MySQL, and Oracle** databases; processed **10M+ records daily** with **99.2% accuracy**.
- Deployed pipelines on **AWS Lambda** with **CloudWatch** orchestration; optimized query performance through indexing and schema design, reducing processing time by **35%**.
- Integrated **REST APIs** and microservices to convert raw operational data into enriched intelligence datasets; partnered with downstream teams to define signal requirements and validate output quality.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
