PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **enterprise application support** for Java/.NET systems across **AWS** infrastructure, managing **P1/P2 incidents** and maintaining **SLA compliance** through proactive monitoring with **Splunk, CloudWatch, and Dynatrace**.
- Designed and executed **Python-based ETL pipelines** and automated data workflows, reducing manual reporting effort by **30%** and improving data validation accuracy across enterprise databases.
- Developed **REST APIs and microservices** using **Java Spring Boot**, implementing feature work and bug fixes on production systems while adhering to established quality and procedural guidelines.
- Led **user acceptance testing (UAT)** sessions and collaborated with cross-functional teams on system validation, test case preparation, and comprehensive technical documentation to support successful application handovers.
- Managed **CI/CD pipelines** using **Jenkins** and **Git**, coordinating code reviews and deployment activities across development and production environments with **Docker containerisation**.
- Mentored junior engineers on application troubleshooting, **SQL optimization**, and Linux administration, demonstrating proactive problem-solving and strong interpersonal communication skills in an Agile/Scrum environment.

SKILLS

Enterprise Application Support – Production monitoring, Incident response, SLA management, Application reliability.

SAP & System Technologies – Java Spring Boot, REST APIs, SQL (PostgreSQL, MySQL, Oracle), Docker.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Linux, Shell scripting.

Data Engineering & Automation – Python, ETL pipelines, pandas, NumPy, scheduled reporting.

DevOps & Collaboration – Jenkins, Git, CI/CD, Jira, Confluence, Agile/Scrum.

Monitoring & Observability – Splunk, Dynatrace, CloudWatch, log analysis.

Professional Qualifications – MSc Data Analytics, Bachelor of Engineering (Computer Science), IELTS Band 7.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Reliability & Monitoring Platform (HCL Technologies)

- Established **24/7 production support** framework for mission-critical Java/.NET applications serving **Fortune 500 clients**, reducing mean time to resolution (MTTR) by **25%** through systematic incident triage and root

cause analysis.

- Implemented advanced **monitoring dashboards** using **Splunk and Dynatrace**, enabling real-time visibility into application performance, infrastructure health, and user experience metrics.
- Collaborated with **central and regional IT teams** to standardize incident response procedures, prepared comprehensive runbooks and escalation guidelines, and delivered user training on system operations.

Data Automation & ETL Pipeline Development (HCL Technologies)

- Architected **end-to-end ETL solutions** in **Python** using **pandas and NumPy** to extract, validate, and transform data from **Oracle, PostgreSQL, and MySQL** databases, supporting strategic reporting and business intelligence.
- Developed **Flask/FastAPI microservices** with **REST APIs** to expose data pipeline outputs and integrated with **AWS Lambda and CloudWatch** for scheduled automation and serverless execution.
- Performed rigorous **UAT and validation testing** with Key Users and business stakeholders, documenting test cases and system functionality to ensure data accuracy and process reliability pre-deployment.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
